# CONTENTS

**Guide To The Reader ..... 1**

**Part I: Summary Comparisons Across Programs ..... 6**

Table I-1: Trends in the Number of Exiters, by Program of Participation ..... 7

Table I-2: Number of Exiters from April 2013 to March 2014, by State and Program of Participation ..... 8

Table I-3: Number of Exiters from April 2013 to March 2014, by Selected Characteristics ..... 10

Table I-4 Trends Over Time in the Number of Adult Exiters, by State ..... 11

Table I-5 Trends Over Time in the Number of Dislocated Worker Exiters from Local and Statewide Programs, by State ..... 13

Table I-6 Trends Over Time in the Number of Exiters from NEG Projects, by State ..... 15

Table I-7 Trends Over Time in the Number of Youth Exiters, by State ..... 17

**Part II: Adult Exiters ..... 19**

Table II-1: Characteristics of Adult Exiters, Trends Over Time ..... 20

Table II-2: Number of Adult Exiters, by Characteristics, Trends Over Time ..... 23

Table II-3: Characteristics of Adult Exiters from April 2013 to March 2014, by Age ..... 26

Table II-4: Characteristics of Adult Exiters from April 2013 to March 2014, by Ethnicity and Race ..... 29

Table II-5: Characteristics of Adult Exiters from April 2013 to March 2014, by Employment at Participation, Gender, and Disability ..... 32

Table II-6: Characteristics of Adult Exiters from April 2013 to March 2014, by Veteran Status ..... 35

Table II-7: Characteristics of Adult Exiters from April 2013 to March 2014, by UI Status ..... 38

Table II-8: Characteristics of Adult Exiters from April 2013 to March 2014 who Received Intensive or Training Services, by Highest Grade Completed ..... 41

Table II-9: Characteristics of Adult Exiters from April 2013 to March 2014 who Received Intensive or Training Services, by Low Income and Receipt of Public Assistance ..... 44

Table II-10 Characteristics of Adult Exiters from April 2013 to March 2014 who Received Intensive or Training Services, by Selected Characteristics ..... 47

Table II-11: Characteristics of Adult Exiters from April 2013 to March 2014, by Major Service Categories ..... 50

Table II-12: Number of Adult Exiters from April 2013 to March 2014, with Specific Characteristics by Major Service Categories ..... 53

Table II-13: Characteristics of Adult Exiters from April 2013 to March 2014, by Type of Training ..... 56

Table II-14: Services Received by Adult Exiters, Trends Over Time ..... 59
Table II-15: Number of Adult Exiters, by Services Received, Trends Over Time ..... 62
Table II-16: Services Received by Adult Exiters from April 2013 to March 2014, by Age ..... 65
Table II-17: Services Received by Adult Exiters from April 2013 to March 2014, by Ethnicity and Race ..... 68
Table II-18: Services Received by Adult Exiters from April 2013 to March 2014, by Employment at Participation, Gender and Disability Status ..... 71
Table II-19: Services Received by Adult Exiters from April 2013 to March 2014, by Veteran Status ..... 74
Table II-20: Services Received by Adult Exiters from April 2013 to March 2014, by UI Status ..... 77
Table II-21: Services Received by Adult Exiters from April 2013 to March 2014 who Received Intensive or Training Services, by Highest Grade Completed ..... 80
Table II-22: Services Received by Adult Exiters from April 2013 to March 2014 who Received Intensive or Training Services, by Low Income and Receipt of Public Assistance ..... 83
Table II-23: Services Received by Adult Exiters from April 2013 to March 2014 who Received Intensive or Training Services, by Selcted Characteristics ..... 86
Table II-25: Services Received by Adult Exiters from April 2013 to March 2014, by State ..... 89
Table II-27: Outcomes of Adult Exiters, Trends Over Time ..... 91
Table II-28: Number of Adult Exiters Attaining Outcomes, Trends Over Time ..... 94
Table II-29: Outcomes of Adult Exiters, by Age ..... 96
Table II-30: Outcomes of Adult Exiters, by Ethnicity and Race ..... 98
Table II-31: Outcomes of Adult Exiters, by Employment at Participation, Gender and Disability Status ..... 100
Table II-32: Outcomes of Adult Exiters, by Veteran Status ..... 102
Table II-33: Outcomes of Adult Exiters, by UI Status ..... 104
Table II-34: Outcomes of Adult Exiters who Received Intensive or Training Services, by Highest Grade Completed ..... 106
Table II-35: Outcomes of Adult Exiters from who Received Intensive or Training Services, by Low Income and Receipt of Public Assistance ..... 108

# GUIDE TO THE READER

The Data Book provides detailed information on the Workforce Investment Act (WIA) programs, including information about who is served, what services are provided, and the outcomes attained by participants. The Data Book is based on the Workforce Investment Standard Record Data (WIASRD), which is an individual-level data set containing information reported annually by states to the Employment and Training Administration.[1] This version of the Data Book uses data provided by states in their Program Year (PY) 2013, Quarter 4 submissions, which contain information about individuals who participated in WIA at any time from January 1, 2012 to June 30, 2014. It thus includes individuals who finished participation ("exited") from January 1, 2012 to March 31, 2014 and individuals who had started participation before July 1, 2014, but had not finished participation by March 31, 2014. All tables in the Data Book have been computed using the final version of the PY 2013, Quarter 4 WIASRD data, which includes a variety of data corrections and adjustments. Some tables also use data from previous submissions.

The State version of the Data Book contains tables based on a single state's data, as identified in the header for each table. Some tables compare the state with the nation or with other states. Especially for small states, some data are based on only a small number of exiters, as shown in either the first row or first column of each table. The reader should use caution when interpreting results based on only a few exiters. For example, percentages based on 400 exiters have a 95% confidence interval of ±5 percentage points. Percentages based on 100 exiters have a 95% confidence interval of ±10 percentage points.

General notes that apply to most or all of the tables in the Data Book appear in this section. More detailed *Notes to Tables* are provided in Appendix A, which follows the last table. These *Notes to Tables* present important information that is critical to the proper interpretation of the data in the tables. Appendix B provides definitions of the data items presented.

## Overview of Tables

Most tables in the Data Book provide information on exiters. The most recent one-year period with complete data on exiters is the period from April 2013 to March 2014.

The Data Book contains four primary groups of tables:

- Section I contains tables for WIA Title 1B as a whole, including the programs for adults, dislocated workers, and youth. It also includes National Emergency Grant

[1] Detailed information about this data set, including the specifications that states were to follow when reporting, can be found in *Training and Employment Guidance Letter 14-00, Change 1*. Employment and Training Administration, November 19, 2002. http://www.doleta.gov/usworkforce/documents/tegl/#14-00ch1.

(NEG) projects. This section also includes tables showing trends over time in the number of exiters by state.

- Section II contains tables for the adult program, which serves individuals aged 18 and higher. All adults are eligible for services under the adult program. However, states are to give priority to low-income adults in the event that funds are limited.
- Section III contains tables for the dislocated worker program and for NEGs. Dislocated workers are generally experienced workers who have been laid off (or received notice of termination) due to a permanent closure or substantial layoff.
- Section IV contains tables for the youth program, which serves individuals aged 14 to 21. With some exceptions, eligibility for youth program services is limited to low-income youth.

Sections II, III and IV all follow a similar structure. First, there are tables that show the characteristics of WIA exiters. These are followed by tables that show the services received by exiters. The final group of tables shows the outcomes received by exiters.

For adults and dislocated workers, two primary groups of characteristics are shown: characteristics available for all exiters and characteristics available only for exiters who received intensive or training services. When interpreting the information in the tables it is important to remember that these latter characteristics were not collected for individuals who received only core services to limit the data collection burden on individuals who received only limited WIA services. Thus, percentages for these characteristics are based only on individuals who received intensive or training services.

The adult and dislocated worker tables do not include individuals who received only self- and informational services. Although reporting for these individuals was added to the WIASRD for PY 2009, they are not included to preserve continuity with earlier data and because these data are not available for all states.

For dislocated workers, the tables combine information on individuals served by the formula-funded Title IB dislocated worker program and by National Emergency Grants to provide a picture of all services provided to dislocated workers by WIA Title 1.

Tables show characteristics, services received, or outcomes for WIA participants for the most recent year for which data on the particular characteristic, service, or outcome is available. The only exception to this is for the outcomes trends over time tables, for which the more recent time periods do not contain data for an entire year's worth of exiters for some outcomes. The exceptions are described in the notes at the bottom of these tables, as well as in Appendix A.

None of the tables includes information on some other WIA Title 1 programs, including the Indian and Native American Program, the National Farmworker Jobs Program, veterans' workforce investment programs, and Job Corps. These other programs are not reported in the WIASRD data used for this Data Book, but in their own separate reporting systems.

## Summary of Table Notation

In interpreting the data in the tables, the reader should note that:

- Data that is not available is shown as blank. For example, in Table II-11 the percentages for the characteristics of exiters who received intensive or training services are not shown in the column titled "Core Services Only."
- "0.0" is used to denote percentages that are less than 0.05%.

## Units of Measurement

The numbers appearing in the table are either raw counts (e.g., the number of exiters), percentages (e.g., the percentage who are female), or averages (e.g., average quarterly earnings in the quarter after exit).

- *Raw counts* represent the number of exiters identified by the combination of the row and column headings. Individuals with missing data on a row or column heading are not included in the count.
- *Percentages* generally represent the percentage identified by the row heading among all of those identified by the column heading—that is they are column percentages. Some tables, however, present *row percentages*, the percentage identified by the column heading among those identified by the row heading. These are specified in *Notes to Tables*—one example is Table II-25 that shows the percentage receiving different levels of service by state. Tables that show column percentages always show the number of exiters in the first row so that the reader can see the size of the universe on which the percentage is based. Tables that show row percentages always show the number of exiters in the first column.
- Individuals with missing data on either the row or column heading are excluded when calculating percentages. In addition, all outcome data exclude individuals who were institutionalized (e.g., in a hospital or prison) or deceased at exit or had a medical or health condition that precluded them from continuing WIA services or entering employment. However, these individuals are included in the number of exiters shown in the outcome tables.
- *Averages* are calculated for selected items that are measured on a continuous scale (e.g., quarterly earnings in the quarter after exit) and are computed after excluding missing data.

## Quality of the Underlying Data

The WIASRD reporting system was first effective for PY 2000. Thus, the PY 2013Q4 data used for this Data Book represents data from the fourteenth year of reporting. As with any new data system, states varied in how long it took to implement fully the different elements of the reporting system. Thus, the quality and completeness of the data varies among states, especially in early years. For example, the WIA performance measures can be calculated from the WIASRD data and compared to data separately reported by states to ETA. This comparison showed that calculations of the entered employment rate and retention rate from the WIASRD

generally were close to the data reported by most states. Thus, there is substantial consistency in the data on postprogram employment. However, there were larger discrepancies for earnings change, younger youth retention, and younger youth diploma attainment. These discrepancies have been reduced over time. When there are discrepancies, the states generally reported higher outcomes than we calculated from the WIASRD. It is not known whether the WIASRD data or the state's calculations are correct when there are discrepancies.

The data set used to prepare the Data Book underwent an extensive data review. As a result of this data review, some data for a few states was recoded or set to missing when the data were clearly incorrect. Data that was set to missing are excluded from the calculations of percentages and averages in this Data Book, as discussed above. Consequently, state results reported in the Data Book may differ from states' own computations from their data.

## Changes Over Time

Some new and revised reporting requirements were introduced with the PY 2005 WIASRD. Thus, this Data Book includes some data reported for the fifth time. These data may be incomplete. New characteristics data items included offender for adults, other eligible person as a category of veteran status, and ever in foster care for youth. In addition, Food Stamps was added to other public assistance. New services data include core self-service and informational activities, workforce information services and prevocational services for adults and dislocated workers, disaster relief for dislocated workers, and enrolled in education for youth. In addition, new categories for the type of training were reported for adults and dislocated workers. These new fields may be underreported, more so in the earlier time periods covered by the data. Please see the notes to tables for more details on some of the changes.

The PY 2013 Data Book incorporates some significant changes from the PY 2008 version. In several adult and dislocated worker tables showing performance outcomes, the column for the employment and credential rate has been replaced by a column for the credential attainment rate. The latter shows the percentage of adult or dislocated worker trainees who attain a credential, but is not one of the official WIA performance measures.

Additional changes were implemented beginning with the PY 2009, Quarter 3, WIASRD. In particular, that was the first time that data for adult and dislocated worker participants who have not finished the program were reported.

Some new and revised reporting requirements were also introduced with the PY 2013 WIASRD. Most new data items were incompletely reported and are, therefore, not shown in this report. Below we describe some new or changed data items that are used for this report.

Reporting for unemployment compensation was expanded to include adults and dislocated workers that received only staff-assisted core services; previously unemployment compensation was reported only for those who received intensive or training services. Thus, this report shows

unemployment compensation for all adults and dislocated workers. For comparison to previous years' data books, this report also shows unemployment compensation for those who received intensive or training services. The same expansion was made for several other data items. However, reporting for those who received only staff-assisted core services was very incomplete. Hence, this report continues to show only data for those items for those who received intensive or training services.

For services, the codes for Disaster National Emergency Grant changed in a manner that might lead to over reporting in some states and under reporting in others. These data are less reliable than in previous years. There are also additional categories for the type of training received, including Remedial Training (ABE/ESL – TAA only), Prerequisite Training, Apprenticeship Training, and Other basic skills training (WIA Youth). These new categories are shown in the report but may be under reported. For youth, the categories for youth activities were revised and expanded and, instead of reporting whether a youth received the activity, the most recent date received is reported. In addition, training is now captured by the training fields also used for adults and dislocated workers rather than separately. In tables showing trends over time, the youth activity data are presented both in the new and revised categories. However, the extent of these changes, especially the shift to reporting the most recent date received has led to substantial underreporting.

## Confidentiality

To preserve the confidentiality of WIA participants, data have been suppressed when a column or row is based on fewer than 9 exiters. The entire row or column will be blank. However, on the second page of two page tables "0" will show for the number of exiters. The actual number of exiters may be anywhere from zero to eight.

# Part I
# Summary Comparisons Across Programs

**Table I-1**
**Trends in the Number of Exiters, by Program of Participation**
(Derived from PY 2013Q4 WIASRD Records)

| | Nation PY 2011 | Nation PY 2012 | Nation 4/1/13–3/31/14 | State PY 2011 | State PY 2012 | State 4/1/13–3/31/14 |

# Appendix A
# Notes to Tables

## Notes to Tables

| | |
|---|---|
| **Part I: Summary Comparisons Across Programs** | |
| Table I-1 | This table shows trends in the number of exiters by program of participation.<br>Subcategories do not sum to totals because individuals may be included in more than one subcategory. For example, a person may be coenrolled in both a local program and a statewide program. |
| Table I-2 | This table shows the number of exiters by state and program of participation. Both statewide and local programs are included. NEG programs are included in the dislocated worker and total columns. |
| Table I-3 | This table shows the number of exiters with selected characteristics by program of participation. Both statewide and local programs are included. NEG programs are included in the dislocated worker and total columns. |
| Table I-4 to Table I-7 | These tables show trends over time in the number of exiters by state. Table I-4 shows trends in the number of exiters for adults. Table I-5 shows dislocated workers who participated in state and local (formula-funded) programs. Table I-6 shows dislocated workers who participated in National Emergency Grant (NEG) projects. Table I-7 shows youth.<br>A significant portion of the increase in the number of adult exiters over time is due to changes in coenrollment practices between WIA and Wagner-Peyser. For example , the number of adult exiters in Missouri increased from 4,031 in PY 2009 to 197,029 in PY 2010, probably because of increased coenrollment with Wagner-Peyser. |
| **Part II: Adult Exiters** | |
| | Tables in Part II include all exiters from adult programs, including both local and statewide programs. |
| Table II-1 to Table II-13 | These tables show the characteristics of adult exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first three rows, which are counts, and preprogram earnings and average highest grade completed, for which both averages and percentages within categories are shown.<br>In calculating percentages, individuals with missing data on either the row or column heading are excluded. Values of zero are excluded when calculating average preprogram earnings<br>Some characteristics, those shown under "Characteristics of Exiters who Received Intensive or Training Services," are available only for individuals who received intensive or training services. Percentages for these characteristics are calculated within this smaller universe, again excluding missing data. |
| Table II-1 to Table II-2 | These tables show trends over time in the characteristics of exiters.<br>Table II-2 shows counts of exiters with particular characteristics. These counts exclude missing data and cannot be used to compute the percentages in Table II-1. Also, the counts for the characteristics under the heading "Characteristics of Exiters who Received Training or Intensive Services" do not include individuals who received only core services and, thus, are an underestimate of the total number of persons with the characteristic who were served by WIA.<br>See the notes to Tables I-4 to I-7 for discussion of some of the significant changes in the number of exiters. |
| Table II-8 to Table II-10 | These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. Some of these tables include a column labeled "With Intensive or Training Services," which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters). |
| Table II-11 | This table shows the characteristics of individuals by major service categories. The column headings "Core Services Only," "Core and Intensive Services Only," and "Training" are mutually exclusive and exhaustive. An individual is included in one and only one of these |

| | |
|---|---|
| | columns. |
| Table II-12 | This table shows the number of individuals with specified characteristics by major service categories. Missing data are excluded from these counts. Therefore, they cannot be used to calculate the percentages shown in Table II-11, which exclude missing data from the denominator of percentages.<br>The number of exiters shown for characteristics that are available only for individuals who received intensive or training services is a substantial undercount of the total number with these characteristics because individuals who receive only core services are not counted.<br>The column headings "Core Services Only," "Core and Intensive Services Only," and "Training" are mutually exclusive and exhaustive. An individual is included in one and only one of these columns. |
| Table II-14 to Table II-23 | These tables show the services received by exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated, for which both the average and percentages within categories are shown.<br>In calculating percentages, individuals with missing data on either the row or column heading are excluded.<br>The row headings "Core services, including staff-assisted, only," "Intensive & core services only," and "Training services" are mutually exclusive and exhaustive. An individual is included in one and only one of these rows.<br>The percentages shown for the types of training are calculated among those who received training. There is no clear distinction between skill upgrading and other occupational skills training. |
| Table II-14 to Table II-15 | These table show trends over time in the services received by exiters.<br>For exiters before January 1, 2012 (the first six-months of PY11), apprenticeship, remedial, and prerequisite training are included in "Other occupational skills training." |

| | |
|---|---|
| Table II-21<br>to<br><br>Table II-23 | These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. Some of these tables include a column labeled "With Intensive or Training Services," which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters).<br><br>Because these tables show services for a universe that is limited to individuals who receive intensive or training services, they should be interpreted with caution. For example, Table II-22 indicates the percentage of low-income individuals who receive training. However, because low-income individuals who receive only core services are excluded, the true percentage receiving training may be considerably less. |
| Table II-24 | This table is not provided at the state level. |
| Table II-25 | This table shows services provided by state. The column for number of exiters shows the count of exiters in the state. The remaining columns show the percentage within the state that received the service identified by the column heading. These values can be compared with the national values in the first row. Thus, unlike most other tables, this table presents row percentages, not column percentages.<br><br>The distribution among the service categories within a state may be strongly affected by policies and practices regarding payment for services by WIA and Wagner-Peyser and coenrollment between the two programs. For example, Delaware shows that a high percentage of exiters received training, possibly because Wagner-Peyser funds were used for core and intensive services. Conversely, New York shows that a high percentage of exiters received only core services, possibly because of extensive coenrollment with Wagner-Peyser. |
| Table II-26 | This table is not provided at the state level. |
| Table II-27<br>to<br>Table II-38 | These tables calculate each outcome for the most recent year's worth of exiters for whom the outcome data is available, with the exception of Tables II-27 and II-28, which show time trends.<br><br>Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment or continued participation in the program, those providing care to a family member with a health/medical condition that precludes entry into employment or continued participation in the program, returning Reservists who choose not to continue WIA services, and individuals who did not provide a valid Social Security number are excluded from the calculations. However, they are included in the number of exiters shown.<br><br>All outcomes are calculated within the group defined by the column heading:<br><br>• The first group of outcomes shown contains the Common Measures, including entered employment rate, retention in the 2nd and 3rd quarters after exit, and average earnings in the 2nd and 3rd quarters after exit.<br><br>• The second group of outcomes contains the other WIA performance measures and comparable 12-month outcomes. These have been calculated following the official definitions. See Appendix B for summary definitions.<br><br>• The third group of outcomes includes information about the job held in the quarter after exit. This information is reported for all individuals employed in the quarter after exit, whether or not they were employed at participation.<br><br>• Other outcome information includes detail on some of the data used in the computation of the common and WIA performance measures.<br><br>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, earnings change, and average earnings.<br><br>The distributions of earnings in the quarter after exit and earnings in the 3rd quarter after exit include only individuals with earnings in the quarter. Thus, the percentages shown sum to 100%. |

| | |
|---|---|
| | In calculating percentages and averages, individuals with missing data on either the row or column heading are excluded. |
| Table II-27 to II-28 | These tables show trends over time in the outcomes of WIA exiters.<br>Data for exiters from April 2012 to March 2013 are complete except for the data on outcomes in the 4th quarter after exit. Data on outcomes in the 4th quarter after exit are for exiters from April 2012 to December 2012.<br>Data for exiters from October 2012 to September 2013 do not include data on outcomes for the 4th quarter after exit. Data on outcomes in the 2nd quarter after exit are for exiters from October 2012 to June 2013. Data on outcomes in the 3rd quarter after exit are for exiters from October 2012 to March 2013.<br>Data for earlier periods are complete, except for a few states.<br>See the notes to Tables II-25 to II-36 for additional information.<br>Table II-27 shows the calculated outcomes, while Table II-28 shows the number of exiters attaining positive outcomes. The calculated outcomes in Table II-27 generally cannot be computed from the data in Table II-28 due to exclusions from outcome measurement. |
| Table II-39 | This table shows the WIA performance measures calculated within detailed groups based on the characteristics of exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and average earnings performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The column titled "Number of Exiters" contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except average earnings, are percentages.<br>Outcomes for characteristics listed under "Characteristics of Exiters who Received Intensive or Training Services" include only individuals who received intensive or training services because information on the row heading is not collected for individuals who receive only core services.<br>See Appendix B for summary definitions of the performance measures. |
| Table II-40 | This table shows the WIA performance measures calculated within detailed groups based on the services received by exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and average earnings performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The column titled "Number of Exiters" contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except average earnings, are percentages.<br>See the Appendix B for summary definitions of the performance measures. |
| Table II-41 | This table is not provided at the state level. |
| Table II-42 | This table shows the WIA performance measures calculated within each state for exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and average earnings performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The columns titled "Number of Exiters" contain the number of exiters in the state identified by the row heading. The remaining columns show the four performance measures calculated within the state. All of the performance measures, except average earnings, are percentages. These |

| | |
|---|---|
| | performance measures are calculated using WIASRD data and may differ, sometimes substantially, from the performance reported by the state in its PY 2013 Annual Report.<br>See Appendix B for the summary definitions of the performance measures. |
| **Part III: Dislocated Worker Exiters** | |
| | Tables in Part III contain information on all dislocated worker exiters, including exiters from local and statewide programs and National Emergency Grant (NEG) projects, except that Table III-45 excludes exiters served only by NEG projects.<br>Individuals served only by rapid response are excluded from WIASRD reporting and are not included in the tables. However, individuals served by rapid response—additional assistance funds are included. |
| Table III-1 to Table III-14 | These tables show the characteristics of exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first three rows, which are counts, and preprogram earnings and average highest grade completed, for which both averages and percentages within categories are shown.<br>In calculating percentages, individuals with missing data on either the row or column heading are excluded. Values of zero are excluded when calculating average preprogram quarterly earnings.<br>The characteristics shown under "Characteristics of Exiters who Received Intensive or Training Services" are available only for individuals who received intensive or training services. Percentages for these characteristics are calculated within this smaller universe, again excluding missing data.<br>See the notes for Tables I-4 to I-7 for a discussion of trends over time in the number of exiters. |
| Table III-1 to Table III-2 | These tables show trends over time in the characteristics of exiters.<br>Table III-2 shows counts of exiters with particular characteristics. These counts exclude missing data and cannot be used to compute the percentages in Table III-1. Also, the counts for the "Characteristics of Exiters who Received Training or Intensive Services" do not include individuals who received only core services and, thus, are an underestimate of the total number of persons with the characteristic who were served by WIA. |
| Table III-10 to Table III-11 | These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. Some of these tables include a column labeled "With Intensive or Training Services," which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters). |
| Table III-12 | This table shows the characteristics of individuals by major service categories. The column headings "Core Services Only," "Core and Intensive Services Only," and "Training" are mutually exclusive and exhaustive. An individual is included in one and only one of these columns. |
| Table III-13 | This table shows the number of individuals with specified characteristics by major service categories. Missing data are excluded from these counts. Therefore, they cannot be used to calculate the percentages shown in Table III-12, which exclude missing data from the denominator of percentages.<br>The number of exiters shown for characteristics that are available only for individuals who received intensive or training services is a substantial undercount of the total number with these characteristics because individuals who receive only core services are not counted.<br>The columns "Core Services Only," "Core and Intensive Services Only," and "Training" are mutually exclusive and exhaustive—a person is included in one and only one of these columns. |

| | |
|---|---|
| Table III-15 to Table III-28 | These tables show the services received by exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, which is a count, and weeks participated, for which both the average and percentages within categories are shown.<br>In calculating percentages, individuals with missing data on either the row or column heading are excluded.<br>The row headings "Core services only," "Intensive & core services only," and "Training services" are mutually exclusive and exhaustive. An individual is included in one and only one of these rows.<br>The percentages shown for the types of training—on-the-job, skill upgrading, entrepreneurial training, ABE or ESL in combination with training, customized training, apprenticeship training, other occupational skills training, remedial training, and prerequisite training—are calculated among those who received training. There is no clear distinction between skill upgrading and other occupational skills training. |
| Table III-15 to Table III-16 | These tables show trends over time in the services received by exiters. |
| Table III-24 to Table III-25 | These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. These tables include a column labeled "With Intensive or Training Services," which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters).<br>Because these tables show services for a universe that is limited to individuals who receive intensive or training services, they should be interpreted with caution. For example, Table III-24 indicates the percentage of high school graduates who receive training. However, because high school graduates who receive only core services are excluded, the true percentage receiving training may be considerably less. |
| Table III-26 | This table is not provided at the state level. |
| Table III-27 | This table shows services provided by state. The column for number of exiters shows the count of exiters in the state. The remaining columns show the percentage within the state that received the service identified by the column heading. These values can be compared with the national values in the first row. Thus, unlike most other tables, this table presents row percentages, not column percentages.<br>The distribution among the service categories within a state may be strongly affected by policies and practices regarding payment for services by WIA and Wagner-Peyser and coenrollment between the two programs. For example, Nebraska shows a high percentage of exiters received training, possibly because Wagner-Peyser funds were used for core and intensive services. Conversely, a high percentage of exiters in New York received only core services, possibly because of extensive coenrollment with Wagner-Peyser. |
| Table III-28 | This table is not provided at the state level. |

| | |
|---|---|
| Table III-29 to Table III-41 | These tables calculate each outcome for the most recent year's worth of exiters for whom the outcome data is available, with the exception of Table III-29 and Table III-30, which show trends over time.<br>Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment or continued participation in the program, those providing care to a family member with a health/medical condition that precludes entry into employment or continued participation in the program, returning reservists who choose not to continue WIA services, and individuals who did not provide a valid Social Security number are excluded from the calculations. However, they are included in the number of exiters shown.<br>All outcomes are calculated within the group defined by the column heading:<br>• The first group of outcomes shown contains the Common Measures, including entered employment rate, retention in the 2nd and 3rd quarters after exit, and average earnings in the 2nd and 3rd quarters after exit.<br>• The second group of outcomes contains the other WIA performance measures and comparable 12-month outcomes. These have been calculated following the official definitions. See Appendix B for summary definitions.<br>• The third group of outcomes includes information about the job held in the quarter after exit. This information is reported for all individuals employed in the quarter after exit, whether or not they were employed at participation.<br>• Other outcome information includes detail on some of the data used in the computation of the common and WIA performance measures.<br>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, earnings change, and average earnings.<br>The distributions of earnings in the quarter after exit and earnings in the 3rd quarter after exit include only individuals with earnings in the quarter. Thus, the percentages shown sum to 100%.<br>In calculating percentages and averages, individuals with missing data on either the row or column heading are excluded. |
| Table III-29 to Table III-30 | These tables show trends over time in the outcomes of WIA exiters.<br>Data for exiters from April 2012 to March 2013 are complete except for the data on outcomes in the 4th quarter after exit. Data on outcomes in the 4th quarter after exit are for exiters from April 2012 to December 2012.<br>Data for exiters from October 2012 to September 2013 do not include data on outcomes for the 4th quarter after exit. Data on outcomes in the 2nd quarter after exit are for exiters from October 2012 to June 2013. Data on outcomes in the 3rd quarter after exit are for exiters from October 2012 to March 2013.<br>Data for earlier periods are complete, except for a few states.<br>See the notes to Tables III-29 to III-41 for additional information.<br>See the notes to Tables I-4 to I-7 for a discussion of trends over time in the number of exiters. These trends can have impacts on the trends in outcomes.<br>Table III-29 shows the calculated outcomes, while Table III-30 shows the number of exiters attaining positive outcomes. The calculated outcomes in Table II-29 generally cannot be computed from the data in Table II-30 due to exclusions from outcome measurement. |

| | |
|---|---|
| Table III-42 | This table shows the WIA performance measures calculated within detailed groups based on the characteristics of exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and average earnings performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The column titled "Number of Exiters" contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except average earnings, are percentages.<br>Outcomes for "Characteristics of Exiters who Received Intensive or Training Services" include only individuals who received intensive or training services because information on the row heading is not collected for individuals who receive only core services.<br>See Appendix B for summary definitions of the performance measures. |
| Table III-43 | This table shows the WIA performance measures calculated within detailed groups based on services received by exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and average earnings performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The column titled "Number of Exiters" contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except average earnings, are percentages.<br>See the Appendix B for the calculations of the performance measures. |
| Table III-44 | This table is not provided at the state level. |
| Table III-45 | This table shows the WIA performance measures calculated within each state for exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and average earnings performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>Unlike the other outcome tables, exiters who received services only from NEG projects are excluded from the calculations of the performance measures and the exiter counts in this table because they are excluded from the states' official performance calculations.<br>The columns titled "Number of Exiters" contain the number of exiters in the state identified by the row heading. The remaining columns show the four performance measures calculated within the state. All of the performance measures are percentage. These performance measures are calculated using WIASRD data and may differ, sometimes substantially, from the performance reported by the state in its PY 2013 Annual Report.<br>See Appendix B for the calculations of the performance measures. |
| **Part IV: Youth Exiters** | |
| | Tables in Part IV include all exiters from youth programs, including both local and statewide programs. |
| Table IV-1<br>to<br>Table IV-12 | These tables show the characteristics of exiters for both older and younger youth. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first three rows, which are counts, and preprogram earnings and average highest grade completed, for which both averages and percentages within categories are shown.<br>In calculating percentages, individuals with missing data on either the row or column heading are excluded. Values of zero are excluded when calculating average preprogram earnings. |

| | |
|---|---|
| | Veteran and preprogram quarterly earnings are available only for older youth, those at least age 19 at participation. |
| Table IV-1 to Table IV-2 | These tables show trends over time in the characteristics of exiters.<br>Table IV-2 shows counts of exiters with particular characteristics. These counts exclude missing data and cannot be used to compute the percentages in Table II-1. |
| Table IV-12 | This table shows the characteristics of youth who received specific youth activities. Youth who are not reported as receiving any of the youth activities are excluded from the table. Some states reported that many youth did not receive any youth activities. |
| Table IV-13 to Table IV-23 | These tables show the services received by exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated, for which both the average and percentages within categories are shown.<br>The percentages for the youth activities are based on youth reported as receiving at least one of the activities. Some states reported that many youth did not receive any youth activities.<br>In calculating percentages, individuals with missing data on either the row or column heading are excluded. |
| Table IV-13 to Table IV-14 | These tables show trends over time in the services received by exiters.<br>New activity types were added in the PY 2013 WIASRD—alternative school, work experience, adult mentoring, career guidance/counseling and basic skills training and occupational skills training—and are not available for exiters before January 2012. The pre-PY2013 youth activities are also shown for comparison. For youth reported in the PY2013 WIASRD (those who exited after December 2011), the new activity types are combined to approximate the previous activity types.<br>• Educational achievement services include educational achievement services, alternative school, and basic skills training.<br>• Employment services include work experience and occupational skills training.<br>• Additional support for youth services include adult mentoring and career guidance/counseling. |
| Table IV-24 | This table shows youth activities provided by state. The column for number of exiters shows the count of exiters in the state. The remaining columns show the percentage within the state that received the youth activity identified by the column heading. These percentages are based on youth reported as receiving at least one of the youth activities. Some states reported that many youth did not receive any youth activities. These values can be compared with the national values in the first row. Thus, unlike most other tables, this table presents row percentages, not column percentages. |
| Table IV-25 to Table IV-36 | These tables show outcomes attained by youth exiters. Except in Tables IV-25 and 26, data for youth retention are for exiters from April 2012 to March 2013, data for diploma attainment and skill attainment are for exiters from April 2013 to March 2014 data for placement are for exiters from October 2012 to September 2013, data for attending secondary school at exit are for exiters from April 2013 to March 2014, and data for literacy and numeracy gains are based on participation years that ended between July 2013 and June 2014.Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment or continued participation in the program, those providing care to a family member with a health/medical condition that precludes entry into employment or continued participation in the program, returning Reservists who choose not to continue WIA services, and individuals who did not provide a valid Social Security number are excluded from the calculations. However, they are included in the number of exiters shown. |

| | |
|---|---|
| | All outcomes are calculated within the group defined by the column heading.<br>• The first group of outcomes shown contains the youth common measures.<br>• The second group contains additional outcomes for all youth. These include detail on some of the data used in the computation of the common measures and additional outcomes.<br>• The third group includes the older youth WIA performance measures.<br>• The fourth group contains the younger youth WIA performance measures. The skill attainment rate differs substantially from the official definition because it is based only on exiters and includes all goals set for the youth during the youth's period of participation. It is calculated as the total number of goals attained by the youth divided by the total number of goals set for the youth, excluding goals pending at exit for youth reported as institutionalized or deceased at exit and those who had medical conditions that precluded continued participation in WIA or entry into employment.<br>See Appendix B for summary definitions of the outcomes.<br>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters. The skill attainment rate is based on all goals set for youth identified by the column head. |
| Table IV-25 to Table IV-26 | These tables show trends over time in the outcomes of WIA exiters.<br>Data for exiters from October 2012 to September 2013 are complete except for data on retention. Data on retention are for exiters from October 2012 to March 2013.<br>Data for exiters from April 2013 to March 2014 do not include data on retention. Data on placement is for exiters from April 2013 to September 2013.<br>Data for literacy and numeracy gains below the heading "PY 2013" are based on participation years that ended between July 2012 and June 2013; those below the heading "PY 2012" are based on participation years that ended between July 2011 and June 2012.<br>Table IV-25 shows the calculated outcomes, while Table IV-26 shows the number of exiters attaining positive outcomes. The calculated outcomes in Table II-25 generally cannot be computed from the data in Table IV-26 due to exclusions from outcome measurement. |
| Tables IV-37 to IV-39 | These tables show outcomes on the youth common measures: placement in employment or education, attainment of a degree or certificate, and literacy and numeracy gains.<br>Placement in employment or education is based on exiters from October 2012 to September 2013 who were not in post-secondary education or employment at the date of participation.<br>Attainment of a degree or certificate is based on exiters from October 2012 to September 2013 who were enrolled in education at the date of participation or at any point during the program.<br>Literacy and numeracy gains is based on the definition for the third and subsequent years of implementation and includes basic skills deficient out-of-school youth who began participation between July 2010 and June 2013. |
| Table IV-37 | This table shows the youth common measures calculated within detailed groups based on the characteristics of two different cohorts of youth. Placement in employment or education and attainment of a degree or certificate are given for exiters from October 2012 to September 2013, whereas literacy and numeracy gains is based on basic skills deficient out-of-school youth who began participation between July 2010 and June 2013 with participation years ending in PY 2014.<br>The column titled "Number of Exiters" contains the number of youth in the group defined by the row heading. The remaining columns show the three common measures calculated within the group of youth defined by the row heading. All of the common measures are percentages.<br>See Appendix B for summary definitions of the common measures. |
| Table IV-38 | This table shows the youth common measures calculated within detailed groups based on the |

| | |
|---|---|
| | services received by two different cohorts of youth. Placement in employment or education and attainment of a degree or certificate are given for exiters from October 2012 to September 2013, whereas literacy and numeracy gains is based on basic skills deficient out-of-school youth who began participation between July 2010 and June 2013 with participation years ending in PY 2014.<br>The column titled "Number of Exiters" contains the number of youth in the group defined by the row heading. The remaining columns show the three common measures calculated within the group of youth defined by the row heading. All of the common measures are percentages.<br>See Appendix B for summary definitions of the common measures. |
| Table IV-39 | This table shows the youth common measures calculated within each state. Placement in employment or education and attainment of a degree or certificate are given for exiters from October 2012 to September 2013, whereas literacy and numeracy gains is based on basic skills deficient out-of-school youth who began participation between July 2010 and June 2013 with participation years ending in PY 2014.<br>The column titled "Number of Exiters" contains the number of youth in the group defined by the row heading. The remaining columns show the three common measures calculated within the group of youth defined by the row heading. All of the common measures are percentages.<br>These common measures are calculated using WIASRD data and may differ, sometimes substantially, from the outcomes reported by the state in its PY 2013 Annual Report. In particular, some states were in the second year of implementation for literacy and numeracy gains and reported that measure based on a different calculation in the PY 2013 Annual Report.<br>See Appendix B for summary definitions of the common measures. |
| Table IV-40 | This table shows the WIA younger youth performance measures calculated within detailed groups based on the characteristics of exiters. The retention rate is based on exiters from April 2012 to March 2013; diploma attainment and skill attainment are based on exiters from April 2013 to March 2014.<br>The columns titled "Number of Exiters" contain the number of exiters in the group defined by the row heading, within the relevant time period shown by the column heading. The remaining columns show the three performance measures calculated within the group of exiters defined by the row heading, again for the time period shown by the column heading. All of the performance measures are percentages. However, the skill attainment rate is a percentage of all goals set for exiters, rather than of exiters. This skill attainment rate is different from the official performance measure.<br>See Appendix B for summary definitions of the performance measures and the notes to Tables IV-25 to IV-36 for more detail. |
| Table IV-41 | This table shows the younger youth WIA performance measures calculated within detailed groups based on the services received by exiters. See the notes to Table IV-40 for more detail on the calculations and Appendix B for summary definitions of the performance measures. |
| Table IV-42 | This table shows the younger youth WIA performance measures for younger youth calculated within states. See the notes to Table IV-40 for more detail on the calculations and Appendix B for summary definitions of the performance measures. The skill attainment rate differs from the official performance measure.<br>Because these performance measures are calculated from WIASRD data, the numbers shown may differ, sometimes substantially, from the performance reported by the states in their PY 2013 Annual Reports. |
| Table IV-43 | This table shows the older youth WIA performance measures calculated within detailed groups based on the characteristics of exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and earnings change performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters |

| | |
|---|---|
| | available.<br>The columns titled "Number of Exiters" contain the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.<br>See Appendix B for summary definitions of the performance measures. |
| Table IV-44 | This table shows the older youth WIA performance measures calculated within detailed groups based on the services received by exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and earnings change performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The columns titled "Number of Exiters" contain the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.<br>See the Appendix B for summary definitions of the performance measures |
| Table IV-45 | This table shows the WIA older youth performance measures calculated within each state for exiters from two different cohorts of exiters. The entered employment rate and employment and credential rate performance measures are given for exiters from October 2012 to September 2013, whereas the employment retention and earnings change performance measures are given for exiters from April 2012 to March 2013. Using two cohorts ensures that each performance measure is calculated for the most recent year's worth of exiters available.<br>The columns titled "Number of Exiters" contain the number of exiters in the state identified by the row heading. The remaining columns show the four performance measures calculated within the state. All of the performance measures, except earnings change, are percentages. These performance measures are calculated using WIASRD data and may differ, sometimes substantially, from the performance reported by the state in its PY 2013 Annual Report.<br>See Appendix B for the calculations of the performance measures. |

# Appendix B
# Definitions

| | **Definitions of Characteristics** |
|---|---|
| **Age categories** | Age is calculated as the difference in days between the birth date and the participation date, divided by 365.25. |
| **Individual with a disability** | An individual who indicates that he/she has any "disability," as defined in Section 3(2)(a) of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102). Under that definition, a "disability" is a physical or mental impairment that substantially limits one or more of the person's major life activities. (For definitions and examples of "physical or mental impairment" and "major life activities," see paragraphs (1) and (2) of the definition of the term "disability" in 29 CFR 37.4, the definition section of the WIA non-discrimination regulations.) |
| **Race and ethnicity** | |
| Hispanic | A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture in origin, regardless of race |
| Not Hispanic | |
| American Indian or Alaskan Native | A person having origins only in any of the original peoples of North America and South America (including Central America), and who maintains cultural identification through tribal affiliation or community recognition. |
| Asian | A person having origins only in any of the original people of the Far East, Southeast Asia, or the Indian Subcontinent (e.g., India, Pakistan, Bangladesh, Sri Lanka, Nepal, Sikkim, and Bhutan). This area includes, for example, Cambodia, China, Japan, Korea, Malaysia, the Philippine Islands, Thailand, and Vietnam. |
| Black or African American | A person having origins only in any of the black racial groups of Africa. |
| Hawaiian or other Pacific Islander | A person having origins only in any of the original people of Hawaii, Guam, Samoa, or other Pacific Islands. |
| White | A person having origins only in any of the original peoples of Europe, the Middle East, or North Africa. |
| More than one race | A person was reported as being in more than one of the above non-Hispanic race categories. |
| **Veteran** | A person who served in the active U.S. military, naval, or air service and who was discharged or released from such service under conditions other than dishonorable. |
| Disabled veteran | A veteran who served in the active U.S. armed forces and who is entitled to compensation regardless of rating (including those rated at 0%); or who but for the receipt of military retirement pay would be entitled to compensation, under laws administered by the Department of Veterans Affairs (DVA); or was discharged or released from activity duty because of a service-connected disability. |

| | |
|---|---|
| Campaign veteran | An eligible veteran who served on active duty in the U.S. armed forces during a war or in a campaign or expedition for which a campaign badge or expeditionary medal has been authorized as identified and listed by the Office of Personnel Management (OPM). |
| Recently separated veteran | A veteran who applied for participation under Title I of WIA within 48 months after discharge or release from active U.S. military, naval, or air service. |
| Other eligible person | A person who is<br>(a) the spouse of any person who died on active duty or of a service-connected disability,<br>(b) the spouse of any member of the Armed Forces serving on active duty who at the time of application for assistance under this part, is listed, pursuant to 38 U.S.C 101 and the regulations issued thereunder, by the Secretary concerned, in one or more of the following categories and has been so listed for more than 90 days:<br>(i) missing in action;<br>(ii) captured in the line of duty by a hostile force; or<br>(iii) forcibly detained or interned in the line of duty by a foreign government or power; or<br>(c) the spouse of any person who has a total disability permanent in nature resulting from a service-connected disability or the spouse of a veteran who died while a disability so evaluated was in existence. |
| **Employed at participation** | |
| Employed | A person who either (a) did any work at all as a paid employee, (b) did any work at all in his or her own business, profession, or farm, (c) worked as un unpaid worker in an enterprise operated by a member of the family, or (d) is one who was not working, but has a job or business from which he or she was temporarily absent because of illness, bad weather, vacation, labor-management dispute, or personal reasons, whether or not paid by the employer for time-off, and whether or not seeking another job.<br>Excludes persons who, although employed, either (a) have received a notice of termination of employment or the employer has issued a Worker Adjustment and Retraining Notification (WARN) or other notice that the facility or enterprise will close, or (b) are transitioning service members. |
| Not employed or received layoff notice | An individual who does not meet the definition of employed above. |
| **Average preprogram quarterly earnings** | Quarterly earnings are derived by the state from UI wage records. If earnings in both the 2nd and 3rd quarters before participation are greater than zero, then the average of those two values. If only one is greater than zero, then that value. |
| **UI status** | For adults and dislocated workers, this is presented two ways: for all exiters (as it is now reported) and for exiters who |

| | |
|---|---|
| | received intensive or training services (as it was reported in prior program years. |
| UI Claimant | Eligible Unemployment Compensation (U.C.) claimant who has not exhausted their U.C. benefits. |
| UI Claimant referred by WPRS | Eligible U.C. claimant referred by the Worker Profiling and Reemployment Services (WPRS) system. |
| UI Exhaustee | Eligible U.C. claimant who has exhausted their U.C. benefits. |
| **Characteristics of Exiters who Received intensive or training Services** | The following data is collected for youth and for adults and dislocated workers who received intensive or training services. |
| **Limited English-language** | A person who has limited ability in speaking, reading, writing or understanding the English language and (a) whose native language is a language other than English, or (b) who lives in a family or community environment where a language other than English is the dominant language.<br>Puerto Rico is excluded. |
| **Single parent** | A single, separated, divorced, or widowed individual who has primary responsibility for one or more dependent children under age 18. |
| **Low income** | An indivdual in one or more of the following categories:<br>(A) receives, or is a member of a family which receives, cash payments under a Federal, state or income based public assistance program;<br>(B) received an income, or is a member of a family that received a total family income, for the six month period prior to participation for the program involved (exclusive of unemployment compensation, child support payments, payments described in subparagraph (A) and old age and survivors insurance benefits received under section 202 of the Social Security Act (42 U.S.C. 402)) that, in relation to family size does not exceed the higher of:<br>(i) the poverty line, for an equivalent period; or<br>(ii) 70 percent of the lower living standard income level, for an equivalent period;<br>(C) a member of a household that receives (or has been determined within the 6 month period prior to participation for the program involved to be eligible to receive) Food Stamps pursuant to the Food Stamp Act of l977 (7 U.S.C. 2011 et seq.);<br>(D) qualifies as a homeless individual, as defined in subsections (a) and (c)of section 103 of the Stewart B. McKinney Homeless Assistance Act(42 U.S.C. 11302);<br>(E) is a foster child on behalf of whom state or local government payments are made;<br>(F) is a person with a disability whose own income meets the income criteria established in WIA section 101(25)(A) or (B), but is a member of a family whose income does not meet the established criteria. |
| **Public assistance recipient** | A person who qualifies as a TANF recipient or other public |

| | |
|---|---|
| | assistance recipient, as defined below. |
| TANF recipient | A person who is listed on the welfare grant or has received cash assistance or other support services from the TANF agency in the last six months prior to participation in the program. |
| Other public assistance, including SNAP and SSI | A person who is receiving or has received cash assistance or other support services from one of the following sources in the last six months prior to participation in the program: General Assistance (GA) (State/local government), Refugee Cash Assistance (RCA), Food Stamp Assistance (SNAP), or Supplemental Security Income (SSI-SSA Title XVI). Does not include foster child payments.<br>Before PY 2005, this field did not include Food Stamps. Some states implemented the change to record receipt of Food Stamps and others did not. Therefore, the count of Food Stamps recipients is quite incomplete. |
| **Offender** | An individual (adult or youth) who either (a) is or has been subject to any stage of the criminal justice process for committing a status offense or delinquent act, or (b) requires assistance in overcoming barriers to employment resulting from a record of arrest or conviction for committing delinquent acts, such as crimes against persons, crimes against property, status offenses, or other crimes. |
| **Homeless or runaway youth** | An individual (adult or youth) who lacks a fixed, regular, adequate night time residence. This definition includes any individual who has a primary night time residence that is a publicly or privately operated shelter for temporary accommodation; an institution providing temporary residence for individuals intended to be institutionalized; or a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings; or a person under 18 years of age who absents himself or herself from home or place of legal residence without the permission of his or her family (i.e., runaway youth). This definition does not include an individual imprisoned or detained under an Act of Congress or State law. An individual who may be sleeping in a temporary accommodation while away from home should not, as a result of that alone, be recorded as homeless. |
| **Highest school grade completed** | |
| 8th or less | Highest grade completed of 8 or less. |
| Some high school | Highest grade completed between 9 and 11 or highest grade completed is 12 but the individual did not receive a high school diploma or GED. |
| High school graduate | Completed the 12th grade and attained a high school diploma. Also includes individuals with a disability who receive a certificate of attendance/completion.<br>Note: When used as column heading high school graduate also includes high school equivalency |
| High school equivalency | GED or other high school equivalency. |
| Some postsecondary | Includes college or full-time technical or vocational school. |
| College graduate 4-year | Bachelor's degree or equivalent or beyond. |

| | |
|---|---|
| **Characteristics Available for Dislocated Workers** | The following characteristics are available only for dislocated workers. |
| **Displaced homemaker** | An person who has been providing unpaid services to family members in the home and has been dependent on the income of another family member but is no longer supported by that income and is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment. |
| **Time of participation** | Based on the length of time between the dislocation date (the last day of employment at the dislocation job) and the participation date. Individuals whose dislocation date is not reported are excluded from the calculation. |
| **Characteristics Available for Youth** | The following characteristics are available only for youth. |
| **Pregnant or parenting youth** | An individual who is under 22 years of age and who is pregnant, or a youth (male or female) who is providing custodial care for one or more dependents under age 18. |
| **Basic literacy skills deficient** | A person who computes or solves problems, reads, writes, or speaks English at or below the 8th grade level or is unable to compute or solve problems, read, write, or speak English at a level necessary to function on the job, in the individual's family, or in society. In addition, states and grantees have the option of establishing their own definition, which must include the above language. In cases where states or grantees establish such a definition, that definition will be used for basic literacy skills determination. |
| **Ever in foster care** | A person who is in foster care or has been in the foster care system. |
| **Youth who needs additional assistance** | A youth aged 14-21 who requires additional assistance to complete an educational program, or to secure and hold employment as defined by state or local policy. If the State Board defines a policy, the policy must be included in the State Plan. |
| **Attending school at participation** | School status has been adjusted to be consistent with highest grade completed. |
| High school or below | The individual has not received a secondary school diploma or its recognized equivalent and is attending any secondary school (including elementary, intermediate, junior high school, whether full or part-time), or is between school terms and intends to return to school.<br>Includes attending alternative school when used as a column heading. |
| Alternative school | The individual has not received a secondary school diploma or its recognized equivalent and is attending an alternative high school or an alternative course of study approved by the local educational agency whether full or part-time. |
| Postsecondary | The individual has received a secondary school diploma or its recognized equivalent and is attending a post-secondary school or program (whether full or part-time), or is between school |

| | |
|---|---|
| | terms and intends to return to school. |
| **Not attending school at participation** | |
| High school dropout | The individual is no longer attending any school and has not received a secondary school diploma or its recognized equivalent. |
| High school graduate/equivalent | The individual is not attending any school and has either graduated from high school or holds a GED. |

**Definitions of Services**

| **Services for Adults, Dislocated Workers, and Youth** | |
|---|---|
| **Coenrollment** | |
| WIA adult | WIA Title 1B local or statewide adult programs. |
| WIA dislocated worker | WIA Title 1B local or statewide dislocated worker programs or National Emergency Grants. |
| WIA youth | WIA Title 1B local or statewide youth programs |
| Partner program | Any partner program. Note: reporting of some partner programs is optional and may be seriously under counted. |
| Wagner-Peyser | The participant received services financially assisted under the Wagner-Peyser Act (29 USC 49 et seq.) WIA section 121 (b)(1)(B)(ii). |
| TAA | The participant received services financially assisted under the Trade Adjustment Act (WIA section 121(b)(1)(B)(viii)). |
| National Farmworker Jobs Program | The participant received services financially assisted under WIA Title I-D, Section 167 |
| Veterans programs | The participant received services financially assisted by DVOP/LVER funds (WIA section 121(b)(1)(B)(ix)) or training services financially assisted under WIA section 168. |
| Vocational Education | The participant received services financially assisted under the Carl D. Perkins Vocational and Applied Technology Education Act (20 USC 2471) (WIA section 121(b)(1)(B)(vii)) |
| Adult Education | The participant received services financially assisted under WIA Title II. |
| Title V Older Worker | The participant received services financially assisted under the Older Americans Act of 1998 (WIA section 121(b)(1)(B)(vi) |
| Other partner programs | The participant received services financially assisted by Job Corps, Indian and Native American Programs, Vocational Rehabilitation, YouthBuild, and other WIA and non-WIA partner programs. |
| **Pell Grant recipient (among trainees)** | An individual who is or has been notified s/he will be receiving a Pell Grant at any time during participation in the program. This information may be updated at any time during participation in the program. Based only on trainees for adults and dislocated workers but based on all particpants for youth.<br>Excludes Puerto Rico and younger youth. |
| **Weeks participated** | Weeks between participation and the last service (exit). |
| **Services for Adults and Dislocated Workers** | |
| **Services Received** | |
| Core self-service and informational activities | The individual received self-service and informational activities. Self-service and informational activities are those core services accessible to the general public electronically or through a physical location that are designed to inform and educate individuals about the labor market and their employment strengths, weaknesses, and the range of services appropriate to their situation, and that do not require significant staff involvement with the individual. |

| | |
|---|---|
| Staff-assisted core services | Staff-assisted core services, excluding self-service and informational activities. Core services include (but are not limited to):<br>• Staff-assisted job search and placement assistance, including career counseling;<br>• Follow-up services, including counseling regarding the workplace;<br>• Staff-assisted job referrals (such as testing and background checks);<br>• Staff-assisted job development (working with employer and jobseeker); and<br>• Staff-assisted workshops and job clubs.<br>• Intensive services (as described below).<br>• Training services (as described below). |
| Intensive Services | Intensive services may include:<br>• Comprehensive and specialized assessments of skill levels and service needs including:<br>diagnostic testing and use of other assessment tools; and<br>in-depth interviewing and evaluation to identify employment barriers and appropriate employment goals;<br>• Development of an individual employment plan, to identify the employment goals, appropriate achievement objectives, and appropriate combination of services for the participant to achieve the employment goals;<br>• Group counseling;<br>• Individual counseling and career planning;<br>• Case management for participants seeking training services;<br>• Short-term prevocational services, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct, to prepare individuals for unsubsidized employment or training;<br>• Out-of-area job search assistance;<br>Relocation assistance;<br>Internships; and<br>Work experience.<br>Intensive services beyond those listed in the Act may also be provided. |
| Prevocational activities | The individual received short-term prevocational services, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct, to prepare individuals for unsubsidized employment or training (i.e., intensive services for adults and dislocated workers). |
| Training Services | The individual received any of the following types of training services: |
| **Type of Training (among trainees)** | |
| On-the-job training | Training by an employer that is provided to a paid participant while engaged in productive work in a job that:<br>(A) provides knowledge or skills essential to the full and adequate |

| | |
|---|---|
| | performance of the job;<br>(B) provides reimbursement to the employer of up to 50 percent of the wage rate of the participant, for the extraordinary costs of providing the training and additional supervision related to the training; and<br>(C) is limited to the period of time required for a participant to become proficient in the occupation for which the training is being provided. In determining the appropriate length of the contract, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, and the participant's individual employment plan. |
| Skill upgrading | |
| Entrepreneurial training | |
| ABE or ESL in combination with training (non-TAA) | |
| Customized training | |
| Apprenticeship training | |
| Other occupational skills training | Includes the receipt of the following types of services:<br>• Occupational skills training, including training for nontraditional employment;<br>• Programs that combine workplace training with related instruction, which may include cooperative education programs;<br>• Training programs operated by the private sector; |
| Remedial training (ABE/ESL TAA only) | |
| Prerequisite training | |
| **Completed any training (among trainees)** | Individual completed any approved training. |
| **ITA established (among trainees)** | Any of the individual's services were purchased utilizing an Individual Training Account established for adults or dislocated workers and funded by WIA title I. |
| **Needs-related payments** | The individual received needs related payments WIA title IB funded for the purpose of enabling the individual to participate in approved training funded under WIA Title IB. |
| **Other supportive services** | The individual received supportive services (WIA section 134(e)(2)) which include, but are not limited to, assistance with transportation, child care, dependent care, and housing that are necessary to enable the individual to participate in activities authorized under WIA title IB. |
| **Service category** | |
| Core services, including staff-assisted, only | Individuals that received core services other than information or self-service (and, thus were registered for WIA), but not intensive or training services. |
| Intensive & core services only | Individual who received core and intensive services, but not training. |
| Training services | Individual who received any of the training services described |

| | |
|---|---|
| | above. |
| **Weeks of training** | Weeks between date started training and date completed or withdrew from training. |
| **Occupation of training** | The 8 digit O*Net 4.0 (or later versions) code that best describes the training occupation for which the participant received training services. |
| Managerial, prof., technical | O*Net codes in the range from 11000000 to 29999999. |
| Healthcare practitioners and technical occupations | O*Net codes in the range from 29000000 to 29999999. |
| Service Occupations | O*Net codes in the range from 31000000 to 39999999. |
| Healthcare support occupations | O*Net codes in the range from 31000000 to 31999999. |
| Sales and Clerical | O*Net codes in the range from 41000000 to 43999999. |
| Farming, fishing, forestry, construction, and extraction | O*Net codes in the range from 45000000 to 47999999. |
| Installation, repair, production, transportation, material moving | O*Net codes in the range from 49000000 to 55999999. |
| **Reason for exit** | |
| Institutionalized | Participant is residing in an institution or facility providing 24-hour support such as a prison or hospital and is expected to remain in that institution for at least 90 days. |
| Health/medical | Participant is receiving medical treatment that precludes entry into unsubsidized employment or continued participation in the program. Does not include temporary conditions expected to last for less than 90 days. |
| Deceased | Participant was found to be deceased or no longer living. |
| Family care | Participant is providing care for a family member with a health/medical condition that precludes entry into unsubsidized employment or continued participation in the program. Does not include temporary conditions expected to last for less than 90 days. |
| Reserve called to active duty | Participant is a member of the National Guard or other reserve military unit of the armed forces and is called to active duty for at least 90 days. |
| Retirement | Participant has retired. |
| **Services for Dislocated Workers** | |
| Rapid response | The individual participated in rapid response activities authorized at WIA section 134(a)(2)(A)(i) at any time prior to or subsequent to participation in the program. Does not include rapid response, additional assistance (WIA section 134(a)(2)(A)(ii)). Individuals who receive only rapid response are not included in the file. |
| Disaster relief | The individual received any of the following:<br>• A temporary job working in clean-up and recovery of the affected area and received workforce services through a Disaster National Emergency Grant (Disaster NEG), including core, intensive, and training services as defined in the WIA. |

| | |
|---|---|
| | • A temporary job through a Disaster NEG working in clean-up and recovery of the affected area, but received no other workforce services through the Disaster NEG.<br>• Workforce services through a Disaster NEG, including core, intensive, and training services as defined in the WIA, but did not receive a temporary job through the Disaster NEG. |
| | **Services for Youth** |
| **Supportive services** | The youth received supportive services (WIA section 101(46)) including (a) linkages to community services; (b) assistance with transportation; (c) assistance with child care and dependent care; (d) assistance with housing; (e) referrals to medical services; and (f) assistance with uniforms or other appropriate work attire and work-related tools, including such items as eye glasses and protective eye gear. |
| **Youth Activities** | Among youth with any of the following activities: |
| Educational achievement services | Educational achievement services include, but are not limited to, tutoring, study skills training, and instruction leading to secondary school completion, including dropout prevention strategies. |
| Alternative school | Attending an alternative secondary school. |
| Summer employment | Summer employment opportunities directly linked to academic and occupational learning. |
| Work experience | Work experience, whether paid or unpaid, including internships and job shadowing. |
| Leadership development | Leadership development opportunities include, but are not limited to, opportunities that encourage responsibility, employability, and other positive social behaviors such as (a) exposure to post-secondary educational opportunities; (b) community and service learning projects; (c) peer-centered activities, including peer mentoring and tutoring; (d) organizational and team work training, including team leadership training; (e) training in decision making, including determining priorities; and (f) citizenship training, including life skills training such as parenting, work behavior training, and budgeting of resources. |
| Adult mentoring | Adult mentoring services that may last for a duration of at least twelve (12) months and may occur both during and after program participation. |
| Career guidance/counseling | Career guidance or counseling services. |
| Basic skills training | Basic skills training include skill upgrading, remedial training (TAA only), or other basic skills training. |
| Occupational skills training | Occupational skills training includes on-the-job training, entrepreneurial training, ABE or ESL in conjunction with training (non-TAA funded), customized training, other occupation skills training, prerequisite training, or apprenticeship training. |
| **Enrolled in Education** | The individual is enrolled in secondary school, post-secondary school, adult education programs, or any other organized program of study. States may use this coding value if the youth |

| | |
|---|---|
| | was either already enrolled in education at the time of participation in the program or became enrolled in education at any point while participating in the program. |

| **Definitions of Outcomes** | |
|---|---|
| | All outcomes exclude individuals who were reported at exit as any of the following:<br>• Residing in an institution or facility providing 24-hour support such as a prison or hospital and expected to remain in that institution for at least 90 days.<br>• Receiving medical treatment that precludes entry into unsubsidized employment or continued participation in the program that is expected to last for more than 90 days.<br>• Found to be deceased or no longer living.<br>• Providing care for a family member with a health/medical condition that precludes entry into unsubsidized employment or continued participation in the program that is expected to last for more than 90 days.<br>• A member of the National Guard or other reserve military unit of the armed forces and is called to active duty for at least 90 days.<br><br>Youth outcomes also exclude individuals who were reported at exit as relocated to mandated residential program or who meet criteria for exclusion from WIA youth performance measures. |
| **Outcomes for Adults, Dislocated Workers and Older Youth** | |
| **Common Measures** | Official definitions of the common measures are in TEGL 17-05 |
| Entered employment (quarter after exit) | Employed in the quarter after exit. Excludes individuals who were employed at participation at participation unless they received a notice of layoff or plant closing. |
| Retention in 2nd and 3rd quarters after exit (adults and dislocated workers) | Employed in both the 2nd and 3rd quarters after exit among those employed in the quarter after exit. |
| Average earnings in 2nd and 3rd quarters after exit (adults and dislocated workers) | Average of earnings in the 2nd and 3rd quarters after exit among those with earnings in the 1st, 2nd, and 3rd quarters after exit. This measure became a common measure beginning with PY 2006. The corresponding common measure for PY 2005 was earnings change in the 2nd and 3rd quarters after exit (see below). |
| **Other WIA Performance and 12-Month Outcomes** | Official definitions of the other WIA performance outcomes are included in TEGL 17-05, Attachment D. Definitions of the 12-month outcomes are in the reporting instructions for the WIA Annual Report. |
| Retained employment 3rd quarter after exit | Employed in the 3rd quarter after exit among those who were employed in the quarter after exit. For older youth, excludes those who were not employed in the 3rd quarter after exit, but were in postsecondary education or advanced training in the 3rd quarter after exit. |
| Retained employment 4th quarter after exit | Employed in the 4th quarter after exit among those who were employed in the quarter after exit. For older youth, excludes those who were not employed in the 4th quarter after exit, but were in postsecondary education or advanced training in the 3rd quarter after exit. |
| Earnings change | |
| 2nd and 3rd quarters after exit | Earnings in the 2nd and 3rd quarters after exit minus earnings in |

| | |
|---|---|
| | the 2nd and 3rd quarters before participation among those who were employed in the quarter after exit. Excludes those whose employment in the 1st, 2nd or quarter after exit or the 3rd quarter after exit was determined through supplemental data and no earnings were found in wage records. For older youth, excludes those who were not employed in the 3rd quarter after exit, but were in postsecondary education or advanced training in the 3rd quarter after exit. |
| 3rd and 4th quarters after exit | Earnings in the 4th and 5th quarters after exit minus earnings in the 2nd and 3rd quarters before participation among those who were employed in the quarter after exit. Excludes those whose employment in the quarter after exit or the 3rd or 4th quarters after exit was determined through supplemental data and no earnings were found in wage records. For older youth, excludes those who were not employed in the 4th quarter after exit, but were in postsecondary education or advanced training in the 3rd quarter after exit. |
| Earnings replacement rate (dislocated workers) | Earnings in the 2nd and 3rd quarters after exit divided by earnings in the 2nd and 3rd quarters before participation among those who were employed in the quarter after exit. Earnings are aggregated over all included exiters before the division. Excludes those whose employment in the 1st, 2nd, or 3rd quarters after exit was determined through supplemental data and no earnings were found in wage records |
| Credential and employment rate (adults and dislocated workers) | Employed in the quarter after exit and received credential among adults and dislocated workers who received training. See attained credential below for the types of credentials included. |
| **Employment in Quarter after exit** | The following outcomes are determined for persons who are employed in the quarter after exit. |
| Occupation of employment | Occupation of employment is determined in the same way as occupation of training (see above). This information is often missing. |
| Nontraditional employment | Employment is in an occupation or field of work for which individuals of the participant's gender comprise less than 25% of the individuals employed in such occupation or field of work. Non-traditional employment can be based on either local or national data, and both males and females can be in non-traditional employment. This information can be based on any job held after exit and only applies to adults, dislocated workers, and older youth. |
| **Other Outcome Information** | Employment and earnings outcome measures exclude individuals who did not provide a SSN at participation. |
| **Employment**<br>Quarter after exit<br>Third quarter after exit<br>Fifth quarter after exit | The individual is considered employed in a quarter after the exit quarter if wage records for that quarter show earnings greater than zero. When supplemental data sources are used, individuals are be counted as employed if, in the calendar quarter of measurement after the exit quarter, they did any work at all as paid employees (i.e., received at least some earnings), worked in their own business, profession, or worked on their own farm. |
| **Average earnings (among earners)** | The total earnings in the quarter as determined from wage records. Wage record information can be obtained from the |

| | |
|---|---|
| Quarter after exit<br>Second quarter after exit<br>Third quarter after exit<br>Fourth quarter after exit | state, other states, other entities maintaining wage record systems, or from WRIS. Earnings from all employers of the individual should be summed.<br>What if the individual appears in several different wage record systems (e.g., systems in two different states)? |
| **Earnings quarter after exit**<br>$1 to $2,499<br>$2,500 to $4,999<br>$5,000 to $7,499<br>$7,500 to $9,999<br>$10,000 or more | Earnings from these different sources of wage records should be summed for each quarter.<br>Individuals with no earnings in a quarter are excluded when computing average earnings for that quarter and are excluded from the distribution of earnings as well. |
| **Earnings 3rd quarter after exit**<br>$1 to $2,499<br>$2,500 to $4,999<br>$5,000 to $7,499<br>$7,500 to $9,999<br>$10,000 or more | |
| **Attained credential**<br>High school diploma/equivalency<br>AA, AS, BA, BS or other college degree<br>Postgraduate degree<br>Occupational skills license/credential/certificate<br>Other | A nationally recognized degree or certificate or state or locally recognized credential. Credentials include, but are not limited to, a high school diploma, GED, or other recognized equivalents, post-secondary degrees/certificates, recognized skill standards, and licensure or industry-recognized certificates. States should include all state education agency recognized credentials. In addition, states should work with local workforce investment boards to encourage certificates to recognize successful completion of the training services listed above that are designed to equip individuals to enter or re-enter employment, retain employment, or advance into better employment.<br>Credential must be obtained either during participation or by the end of the third quarter after exit from services. |
| **Youth Common Measures** | |
| **Placement in Employment or Education** | Participants in employment (including the military) or enrolled in secondary education and/or advanced training/occupational skills training in the first quarter after the exit quarter, calculated among youth who were not in post-secondary education or employment at the date of participation. |
| **Attainment of Degree or Certificate** | Participants who attain a diploma, GED, or certificate by the end of the third quarter after the exit quarter, calculated among those enrolled in education at the date of participation or at any point during the program. |
| **Literacy and Numeracy Gains** | Participants who increase one or more educational functioning levels, as a percentage of youth who have completed a first, second, or third year of participation in the program or exit before completing a first year, calculated among out-of-school youth who are basic skills deficient.<br>Out-of-school youth are youth who were not attending school at the date of participation and youth attending postsecondary school who are basic skills deficient. |

| **Outcomes for All Youth** | |
|---|---|
| **Attending secondary school at exit** | The youth exited WIA services but was still attending secondary school at exit. |
| Placement (quarter after exit) | Primary activity in 1st quarter following the exit quarter is employment or entry to postsecondary education, advanced training, military service, or a qualified apprenticeship. |
| Retention (3rd quarter after exit) | Primary activity in 3rd quarter following the exit quarter is employment or entry to postsecondary education, advanced training, military service, or a qualified apprenticeship. |
| **Not attending secondary school at exit** | The youth exited WIA services and was not attending secondary school at exit. |
| **Placement (quarter after exit)** | The percentage of youth entering any of the following activities in 1st quarter after exit: |
| Postsecondary education | A program at an accredited degree-granting institution that leads to an academic degree (e.g., A.A., A.S., B.A., B.S.). Programs offered by degree-granting institutions that do not lead to an academic degree (e.g., certificate programs) do not count as a placement in post-secondary education, but may count as a placement in "advanced training/occupational skills training." |
| Advanced training | Advanced training is an occupational skills employment/ training program, not funded under Title I of the WIA, which does not duplicate training received under Title I. It includes only training outside of the One-Stop, WIA, and partner system (i.e., training following exit).<br><br>Training that leads to an academic degree (e.g., AA, AS, BA, BS) should be categorized as post-secondary education and not reported as advanced training. |
| Apprenticeships | A program approved and recorded by the ETA Bureau of Apprenticeship and Training or by a recognized state apprenticeship agency or council. Approval is by certified registration or other appropriate written credential. |
| Military service | On active duty any time during the 3rd quarter after exit. |
| Employment | The individual is considered employed in a quarter after the exit quarter if wage records for that quarter show earnings greater than zero. When supplemental data sources are used, individuals should be counted as employed if, in the calendar quarter of measurement after the exit quarter, they did any work at all as paid employees (i.e., received at least some earnings), worked in their own business, profession, or worked on their own farm. |
| **Retention (3rd quarter after exit)** | Youth in any of the above activities at any time during the third quarter after exit. |
| **Credential rate (older youth)** | Youth employed or in postsecondary education or advanced training in the quarter after exit and received credential. See attained credential above for the types of credentials included. |
| **Younger Youth Performance Outcomes** | |

| | |
|---|---|
| **Youth retention** | Youth in any of the following activities at any time during the third quarter after exit: postsecondary education, advanced training, apprenticeship, military service, or employment. Excludes youth who were attending secondary school at exit. |
| **Diploma attainment rate** | Youth attained a secondary (high school) diploma or equivalent during enrollment or by the end of the first quarter after exit. The term diploma means any credential that the state education agency accepts as equivalent to a high school diploma. Youth still in secondary school at exit are excluded. |
| **Skill attainment rate** | The skill attainment rate differs substantially from the official definition (except in Table IV-42) because it is based only on exiters and includes all goals set for the youth during the youth's period of participation. It is calculated as the total number of goals attained by the youth divided by the total number of goals set for the youth, excluding goals pending at exit for youth reported as institutionalized or deceased at exit and those who had medical conditions that precluded continued participation in WIA or entry into employment. |
