Note: Performance measures exclude individuals with qualifying exit reasons. The number of exiters in the columns labeled “All” include individuals who are excluded from the performance measures. Therefore the sum of the number of exiters in the “Yes” and “No” columns is less than the number of exiters in the “All” column. All percentages are column percentages—the percentage of exiters with the characteristic identified by the row heading among those identified by the column heading. Missing data are excluded from some percentages.

¹ Includes only exiters before July 2011.
