

# People Served by Program

In the 12 month period ending March 31, 2016, ETA programs served a total of 22,892,169 participants. ETA programs are largely administered via the American Job Center Network. Caseworkers assess program participants' needs and connect them with different services and programs funded by the ETA. Thus, participants receive customized and comprehensive support based on their needs and eligibility, and often receive services from various programs simultaneously.\*

Of all the total participants receiving Unemployment Insurance (UI), 72.9 percent of those also received Wagner-Peyser funded Employment Services (ES).

\* These participants may also be receiving services from other ETA workforce development programs that provide targeted assistance to those seeking to rejoin the workforce.
