

Annual Performance Report

PY 2012

Grant Deliverables

In accordance with the Employment and Training Administration's (ETA) guidelines for grant deliverables the Oklahoma Labor Market Information Program year 2012 accomplishments are outlined below.

1. Continue to populate the WIDb Database with state and local data

Accomplishments: Produced WID (version 2.5) in August 2012 for statewide short-term (2011 – 2013) and long-term (2010-2020) industry and occupational projections data in accordance with guidelines issued by the Analyst Resource Center (ARC). All core tables were updated during PY 2012.

2. Produce and disseminate industry and occupational employment projections.

Accomplishments:

- Long-term occupational employment projections (2010 – 2020) for the state of Oklahoma were completed and submitted to ETA in August, 2012;
- Long-term employment projections (2010 - 2020) for the state of Oklahoma were placed online in August 2012;
- Short-term industry and occupational projections (2011-2013) data were published online in July, 2012;
- Long-term employment projections (2010 - 2020) for the nine Workforce Investment Areas were completed and submitted to ETA in June 2013;
- Short-term industry and occupational projections (2012-2014) data were completed and submitted to ETA in June 2013;

Two analysts attended Projections Managing Partnership Summit and the C2ER 53rd Annual Conference and LMI Institute Annual Forum May 20 - 24, 2013, Nashville, TN

3. Conduct and publish relevant economic analysis, special workforce information and/or economic studies determined to be of benefit to the governor and state and local WIBs.

(B). Customer Consultations

OESC LMI Web Site Traffic and Satisfaction Summary:

The OESC LMI website offers visitors a chance to comment on their general satisfaction and the site ease of use. We also provide a venue to offer suggestions or critiques of our website. This is accomplished through the use of an anonymous survey tool that is advertised on the main LMI page and is offered passively. The survey asks three questions and provides an open field for comments and/or questions. Below are the questions:

Question 1: Overall, how satisfied are you with our website?

Question 2: How easy was it for you to find the information you were looking for?

Question 3: Which of the following best describes you? (Lists various occupations)

(C). Partnerships and Collaborations

During the program year we partnered with other state and local agencies in the Oklahoma Health Improvement Plan (OHIP). This partnership is seeking solutions to healthcare workforce shortages. Oklahoma State University, the state Health Dept, and the Oklahoma City/County Health Dept are among our partners in this effort.

In addition we are a partner in the state's P-20 Council which was established by state law and is seeking to develop a longitudinal data base that will link student records (P-20) with workforce data. Our partners in this include the Regents for Higher Education, the State Education Dept, and Career Tech.

(D). Recommendations for Improvements or Changes to the Deliverables

For the PY2012 grant year the Oklahoma Labor Market Information program does not have any recommendations for any changes to the grant deliverables
