Dear Mr. Scott:

Highlights include:

- Continued enhancements to Indiana's premier Labor Market Information Website, *Hoosiers by the Numbers* – [www.hoosierdata.in.gov](http://www.hoosierdata.in.gov) including our new Workforce Economy Dashboard, and a Poverty Rate Look-up Tool for targeted WIOA Youth Planning.
- Indiana's Regional Hot Jobs and the Long-Term Industry and Occupational Projections for 2022.
- Continued development of the State's Workforce and Education Longitudinal Warehouse linking workforce and education data to inform policy, and training programs.
- Analysis of the Hoosier State's recovery from the Great Recession over the last 12 months.

We look forward to our continued work with you to meet ETA's goal, "to transform workforce information and services that support regional economies."
