Guide to the Reader

This Quarterly Report provides information on the characteristics, services, and outcomes of persons served by the Workforce Innovation and Opportunity Act (WIOA) Adult, Dislocated Worker, and Youth programs, and the Wagner-Peyser Act program. General notes that apply to most of the tables in the Quarterly Report appear in this section. More detailed information is provided in the appendices. Appendix A, *Notes to Tables*, presents important information about how specific rows or columns are defined. Appendix B, *Cross-reference to PIRL Elements*, identifies which PIRL elements were used in the computation of the tables' row entries. Finally, Appendix C provides a list of acronyms used throughout the report.

What is Included in This Quarterly Report

The Quarterly Report draws entirely from the Participant Individual Record Layout (PIRL) data that states submitted to the U.S. Department of Labor (DOL) Employment and Training Administration (ETA) to meet their program year (PY) 2017 quarter 2 (Q2) reporting requirements.¹ The report presents detailed tabulations for persons served by the WIOA Adult program (PIRL element 903); the formula-funded Dislocated Worker program (PIRL 904), including rapid response additional assistance (PIRL 909); the Youth program (PIRL 905); Dislocated Worker Grants (DWGs, PIRL 932); and Wagner-Peyser (PIRL 918) program. Characteristics tables present participants, who are those with a valid date of program entry (PIRL 900) regardless of whether they have an exit date. Services tables present results for exiters, defined as those participating in the above programs with a valid exit date (PIRL 901). Tabulations are restricted to those with an exit or entry date within the date range covered by the table or column heading.

The PY 2017 Q2 PIRL includes information about individuals who participated in DOL workforce programs at any time from the beginning of PY 2016 (July 1, 2016) to the end of PY 2017 Q2 (December 31, 2017), including those who may have begun participating before July 1, 2016.

A Word About Missing Data

States first reported using the PIRL with the first quarter of PY 2016. Their first quarterly PIRL submission included information on all those who participated anytime during the first quarter of PY 2016; each subsequent quarterly submission provided additional information about the services received by those who continued as participants from the prior quarter, added information for new participants, and noted which participants had exited as of the preceding quarter.² This Quarterly Report uses data from the PY 2017 Q2 PIRL submissions.

Because the PIRL replaced the previous reporting system effective July 1, 2016, the transition between these reporting formats has several implications:

- *The PIRL includes only six quarters of participants and five quarters of exiters.* The PY 2017 Q2 PIRL includes those who participated anytime from July 1, 2016 to December 31, 2017 and those who exited anytime from July 1, 2016 to September 30, 2017.

¹ Detailed information about the PIRL, including the specifications that states were to follow when reporting, can be found at <https://www.doleta.gov/performance/reporting/>.

² Exit status is not known until 90 days after the last service was received. Therefore, exit status cannot be determined until the quarter after participation ended. See TEGL 10-16 Change 1 for the definition of a participant and the determination of the exit date.

- *Data for some participation or exit cohorts are missing from this report unless complete data for the cohort are available.* Thus, data for the previous year are missing for both participants and exiters.
- *Outcome data are often missing from this report.* Three of the six WIOA primary indicators of performance capture the employment and earnings of exiters in the second through fourth quarters after the quarter of exit.³ Due to the requirements of Unemployment Insurance wage matching, these outcomes generally are not known until two quarters after that. Therefore, some of the employment and earnings outcomes of exiters included in the PY 2017 Q2 PIRL were not known as of the time the states submitted their data. A fourth WIOA performance indicator, Credential Attainment, is not known until one year after a participant exits, so this measure is also not known for some exiters included in the PY 2017 Q2 PIRL. Similarly, outcomes of recent cohorts of exiters included in the PY 2015 Q4 WIASRD are also not known; their outcomes normally would have been reported in subsequent WIASRD submissions, but, because of the transition to the PIRL, are reported in neither the WIASRD nor the PIRL.⁴ For these reasons, many of the outcomes are reported as missing in this Quarterly Report. The exception is that Measurable Skill Gains, one of the WIOA performance indicators, is measured for participants, not exiters, and therefore can be measured using the PY 2017 Q2 PIRL.⁵
- *Previous year data is incomplete.* The previous year columns are missing because data for the time periods specified by the column headings are incomplete due to the change from WIASRD to PIRL.
- *Some items new with the PIRL have substantial missing data.* The reporting specifications for the characteristics of Adult, Dislocated Worker, and Youth program participants are largely the same in the PIRL as they were in the WIASRD. However, some reporting items were newly introduced with the PIRL. Some participants included in the PIRL were enrolled prior to July 1, 2016, when the PIRL specifications took effect, and, therefore, information on characteristics newly introduced with the PIRL may not have been collected from them at intake. For this reason, some characteristics could have substantial missing data. (Note that statistics in the Quarterly Report are calculated based only on those with non-missing data, except where noted).
- *Puerto Rico is missing from this report.* Puerto Rico did not submit PIRL records for this quarter.

Overview of the Tables

The Quarterly Report contains five groups of tables.

- Part I contains summary tables for WIOA Adult, Dislocated Worker, and Youth programs, DWG projects, and Wagner-Peyser. It provides recent trends in the number of WIOA and Wagner-Peyser participants and exiters.
- Part II contains tables for the Adult program, which serves individuals ages 18 and older. Priority for individualized career services and training services in the WIOA Adult program must be given to recipients of cash public assistance, other low-income individuals, and individuals who are basic skills

³ For a description of the WIOA performance measures, see TEGL 10-16 Change 1.

⁴ ETA issued TEGL 5-17 in January 2018, requiring states to submit separate WIASRD files with the missing performance information for those who exited prior to July 1, 2017. These submissions are due by April 2018. When they become available, these performance results will be incorporated into the Data Book.

⁵ The final WIOA performance indicator is Effectiveness in Serving Employers, and this is generally not measured using the PIRL.

deficient, including English-language learners (see the WIOA Final Rule 20 CFR Part 680.600 and TEGL 19-16).

- Part III contains tables for the Dislocated Worker program (including rapid response additional assistance recipients) and for DWGs. Dislocated workers are generally experienced workers who have been laid off (or received notice of termination) due to a permanent closure or substantial layoff (see the WIOA Final Rule 20 CFR Part 680.130). The tables generally combine information on individuals served by the formula-funded Title I Dislocated Worker program and by DWGs to provide a picture of all services provided to WIOA Title I dislocated workers. However, some tabulations in this section (and in Part I) separate out formula-funded and DWG participants.
- Part IV contains tables for the Youth program, which serves individuals ages 14 to 24. Both in-school youth and out-of-school youth are eligible for the youth program, but at least 75 percent of youth program funds must be spent on the latter group. Eligibility criteria for the WIOA youth program are described in TEGL 8-15.
- Part V contains tables for participants served under the Wagner-Peyser Act, which provides employment-related labor exchange services. Services include job search assistance, job referral, placement assistance, and other services for job seekers. Services can be either self-service or staff-assisted. There are no eligibility criteria for these employment services. Wagner-Peyser also provides recruitment services to employers (not included in this Quarterly Report).

Sections II, III, IV, and V all follow a similar structure. First, there are tables that show the characteristics of participants. These are followed by a table that show the services received by exiters. The services table focuses on exiters because only after a person completes the program can we see a full picture of the services he/she received. The final table in each section shows the outcomes obtained. Most outcomes are measured after individuals exit from the program, with the exception of Measurable Skills Gains which are measured for participants.

Data drawn from the PIRL are reported only for those who meet the definition of a participant, as defined in TEGL 10-16 Change 1; Reportable Individuals are not included in this report.

None of the tables in this Quarterly Report includes information on some other programs whose data are included in the PIRL. These include participants of the Trade Adjustment Assistance program; the WIOA Indian and Native American Program and National Farmworker Jobs Program; the Jobs for Veterans' State Grants; and discretionary grant programs.

Summary of Table Notation and Units of Measurement

The following notation is used:

- Data that are not available are shown as '—'
- "0.0" is used to denote percentages that are less than 0.05%.

The numbers appearing in the tables are either raw counts (e.g., the number of participants), percentages (e.g., the percentage who are female), averages (e.g., average number of weeks participated), or medians (e.g., median earnings 2nd quarter after exit).

- *Raw counts* represent the number of participants or exiters identified by the combination of the row and column headings. Individuals with missing data on a row or column heading are not included in the count.

- *Percentages* generally represent the percentage identified by the row heading among all of those identified by the column heading—that is, they are column percentages. So that the reader can see the size of the universe on which the percentages are based, tables that show column percentages generally show the number of participants or exiters in the first row. Individuals with missing data on the row heading are excluded when calculating percentages. In addition, all WIOA primary indicators of performance are calculated after excluding individuals who exited the program by virtue of being incarcerated or hospitalized, were receiving medical treatment expected to last longer than 90 days that precluded them from continuing services or entering employment, were deceased, were reservists called to active duty for at least 90 days, or (for the Youth program) moved from the local workforce area by virtue of being in the foster care system (see TEGL 10-16 Change 1 for more detail about these exclusions).
- *Averages* and medians are calculated for selected items that are measured on a continuous scale (e.g., median earnings 2nd quarter after exit) and are computed after excluding missing data and zeros.

Quality of the Underlying Data

The PIRL reporting system was introduced with PY 2016 Q1. Thus, the PY 2017 Q2 data used for this Quarterly Report represent the sixth quarter of reporting. States varied in how long it took to fully implement the different elements of the PIRL. Thus, the quality and completeness of the data vary among states. Moreover, data on characteristics newly introduced with the PIRL are often not available for participants who enrolled before the PIRL took effect.

The data used to prepare the Quarterly Report underwent an extensive data review. As a result of this review, some data for a few states were recoded or set to missing, because they appeared to be incorrect. Data that were set to missing are excluded from the calculations of percentages and averages in this Quarterly Report, as discussed above. Consequently, state results reported in the Quarterly Report may differ from states' own computations from their data.

Part I: Summary Comparisons Across Programs

Food preparation and serving	4.4	4.0	--	--	--
Personal care and service	2.2	2.1	--	--	--
Sales and related	6.1	6.4	--	--	--
Office and administrative	15.2	14.9	--	--	--
Construction and extraction	2.8	3.0	--	--	--
Installation, maintenance, and repair	3.1	2.8	--	--	--
Production	11.5	10.3	--	--	--
Transportation and material moving	11.9	11.1	--	--	--
Other occupations	5.2	5.7	--	--	--
Industry of employment					
Construction	5.8	4.6	--	--	--
Manufacturing	12.3	12.3	--	--	--
Wholesale and retail trade	3.4	3.4	--	--	--
Transportation and warehousing	4.4	4.8	--	--	--
Information	1.0	1.0	--	--	--
Administrative, support, waste management and remediation services	19.3	19.7	--	--	--
Educational services	2.9	4.2	--	--	--
Health care and social assistance	15.0	16.4	--	--	--
Arts, entertainment, and recreation	1.3	0.8	--	--	--
Accommodation and food services	9.9	9.2	--	--	--
Other services, inc public administration	2.2	2.2	--	--	--
Other industry	22.5	21.4	--	--	--
Types of Credentials Attained (among those with a credential attainment)¹					
Secondary school diploma/equivalency	0.4	0.3	--	--	--
AA, AS, BA, BS or other college	9.4	12.4	--	--	--
Postgraduate degree	1.4	1.4	--	--	--
Occupational credential	85.1	81.5	--	--	--
Other credential	7.0	8.7	--	--	--

	Most Recent Quarter	Previous Quarter	Year Ago Quarter	Most Recent Year	Previous Year
Types of Skill Gains (among those with a measurable skill gain)³					
Educational functional gains	1.8	1.9	1.9	1.8	--
Secondary school gains	3.6	3.5	3.9	3.3	--
Postsecondary school gains	28.4	25.1	27.3	19.9	--
Other training or skill milestones	70.0	73.6	72.2	78.5	--

¹ Measured for a one four-quarter exit cohort ending with those who exited four quarters prior to the end of the performance quarter.

² Measured for a one four-quarter exit cohort ending with those who exited six quarters prior to the end of the performance quarter.

³ Measured for those who participated during this program year.

⁴ Measured for a one four-quarter exit cohort ending with those who exited three quarters prior to the end of the performance quarter.

⁵ Measured for a one four-quarter exit cohort ending with those who exited five quarters prior to the end of the performance quarter.

Personal care and service	1.5	1.3	--	--	--
Sales and related	5.2	5.0	--	--	--
Office and administrative	18.9	19.6	--	--	--
Construction and extraction	3.1	3.1	--	--	--
Installation, maintenance, and repair	3.9	3.8	--	--	--
Production	12.4	12.3	--	--	--
Transportation and material moving	12.0	12.2	--	--	--
Other occupations	6.1	5.8	--	--	--
Industry of employment					
Construction	6.9	5.1	--	--	--
Manufacturing	13.8	14.1	--	--	--
Wholesale and retail trade	4.1	4.1	--	--	--
Transportation and warehousing	4.7	6.0	--	--	--
Information	1.5	1.6	--	--	--
Administrative, support, waste management and remediation services	16.3	15.9	--	--	--
Educational services	3.3	4.9	--	--	--
Health care and social assistance	11.8	14.4	--	--	--
Arts, entertainment, and recreation	1.8	1.0	--	--	--
Accommodation and food services	6.2	5.6	--	--	--
Other services, inc public administration	2.5	2.2	--	--	--
Other industry	26.9	24.9	--	--	--
Types of Credentials Attained (among those with a credential attainment)¹					
Secondary school diploma/equivalency	0.3	0.2	--	--	--
AA, AS, BA, BS or other college	8.7	10.1	--	--	--
Postgraduate degree	1.1	1.0	--	--	--
Occupational credential	85.1	83.9	--	--	--
Other credential	7.4	7.9	--	--	--

	Most Recent Quarter	Previous Quarter	Year Ago Quarter	Most Recent Year	Previous Year
Types of Skill Gains (among those with a measurable skill gain)³					
Educational functional gains	1.9	1.6	1.0	1.3	--
Secondary school gains	3.2	2.9	3.3	2.4	--
Postsecondary school gains	21.2	18.8	22.0	15.3	--
Other training or skill milestones	76.2	79.2	76.9	83.3	--

¹ Measured for a one or four-quarter exit cohort ending with those who exited four quarters prior to the end of the performance quarter.

² Measured for a one or four-quarter exit cohort ending with those who exited six quarters prior to the end of the performance quarter.

³ Measured for those who participated during this program year.

⁴ Measured for a one or four-quarter exit cohort ending with those who exited three quarters prior to the end of the performance quarter.

⁵ Measured for a one or four-quarter exit cohort ending with those who exited five quarters prior to the end of the performance quarter.

Part IV: Youth Program

Characteristics of Training (among trainees) cont.

Occupation of training					
Computer and mathematical	4.4	4.0	3.3	4.1	--
Education, training, and library	4.8	5.1	5.6	5.5	--
Healthcare practitioners and technical	10.7	9.8	11.0	10.2	--
Healthcare support	26.4	26.4	25.8	26.4	--
Food preparation and serving related	7.2	6.9	6.3	7.4	--
Sales and related	1.3	2.9	2.2	2.3	--
Office and administrative support	12.5	14.0	15.4	13.5	--
Construction and extraction	5.3	4.5	4.6	4.7	--
Installation, maintenance, and repair	4.7	5.1	6.0	4.7	--
Production	7.0	5.7	6.6	6.0	--
Transportation and material moving	6.3	6.1	5.0	6.5	--
Other occupations	12.4	13.1	11.3	12.4	--

Table IV-5
Trends in the Outcomes of Youth Exiters

(Derived from PY 2017 Q2 PIRL)

	Most Recent Quarter	Previous Quarter	Year Ago Quarter	Most Recent Year	Previous Year
WIOA Primary Indicators of Performance					
Employment or education 2 nd quarter after exit ¹	68.5	65.5	--	--	--
Employment or education 4 th quarter after exit ²	--	--	--	--	--
Median earnings 2 nd quarter after exit ¹	\$3,302	\$2,874	--	--	--
Credential attainment ¹	33.5	34.6	--	--	--
Measurable skill gains (among participants) ³	30.6	36.4	34.3	35.3	--
School Status at exit⁴					
In-school	18.3	15.1	26.3	15.0	--
Secondary school or below	8.5	5.7	11.9	5.9	--
Alternative school	0.8	1.3	0.9	1.2	--
Postsecondary school	8.9	8.1	13.6	8.0	--
Not attending	81.7	84.9	73.7	85.0	--
Secondary school dropout	17.6	22.0	18.5	21.6	--
Secondary school graduate or equivalent	63.3	62.2	54.7	62.7	--
Within age of compulsory attendance	0.9	0.7	0.5	0.7	--
Quarterly Employment Rate					
First quarter after exit ⁵	67.7	65.9	--	--	--
Second quarter after exit ¹	68.5	65.5	--	--	--
Third quarter after exit ⁶	63.7	--	--	--	--
Fourth quarter after exit ²	--	--	--	--	--
Quarterly Median Earnings (among those employed)					
First quarter after exit ⁵	\$3,134	\$2,973	--	--	--
Second quarter after exit ¹	\$3,302	\$2,874	--	--	--
Third quarter after exit ⁶	\$3,066	--	--	--	--
Fourth quarter after exit ²	--	--	--	--	--
Type of Second Quarter Placement (among those with a placement)¹					
Unsubsidized employment	38.0	31.4	--	--	--
Registered apprenticeship	0.1	0.1	--	--	--
Military	0.2	0.2	--	--	--
Occupational skills training	0.4	0.3	--	--	--
Postsecondary education	3.7	6.6	--	--	--
Secondary education	0.1	0.1	--	--	--

	Most Recent Quarter	Previous Quarter	Year Ago Quarter	Most Recent Year	Previous Year
Type of Fourth Quarter Placement (among those with a placement)²					
Unsubsidized employment	--	--	--	--	--
Registered apprenticeship	--	--	--	--	--
Military	--	--	--	--	--
Occupational skills training	--	--	--	--	--
Postsecondary education	--	--	--	--	--
Secondary education	--	--	--	--	--
Nontraditional Employment¹					
Females	2.2	2.2	--	--	--
Males	2.5	2.8	--	--	--
Characteristics of Second Quarter Employment (among those employed)¹					
Average quarterly earnings	\$3,929	\$3,540	--	--	--
\$1 to \$2,499	39.3	44.5	--	--	--
\$2,500 to \$4,999	31.5	31.5	--	--	--
\$5,000 to \$7,499	18.0	15.0	--	--	--
\$7,500 to \$9,999	6.6	5.1	--	--	--
\$10,000 or more	4.6	3.8	--	--	--
Occupation of employment					
Computer and mathematical	0.7	0.5	--	--	--
Education, training, and library	1.7	1.7	--	--	--
Healthcare practitioners and technical	2.4	3.0	--	--	--
Healthcare support	11.0	8.8	--	--	--
Food preparation and serving	15.5	16.4	--	--	--
Personal care and service	4.8	4.3	--	--	--
Sales and related	16.1	19.5	--	--	--
Office and administrative support	17.2	17.5	--	--	--
Construction and extraction	2.7	2.4	--	--	--
Installation, maintenance, and repair	2.6	2.2	--	--	--
Production	7.8	7.5	--	--	--
Transportation and material moving	7.2	7.2	--	--	--
Other occupations	10.3	8.9	--	--	--
Types of Credentials Attained (among those with a credential attainment)¹					
Secondary school diploma/equivalency	18.6	38.9	--	--	--
AA, AS, BA, BS or other college	2.9	3.1	--	--	--
Postgraduate degree	0.8	0.4	--	--	--
Occupational credential	80.8	53.6	--	--	--
Other credential	6.7	13.3	--	--	--

	Most Recent Quarter	Previous Quarter	Year Ago Quarter	Most Recent Year	Previous Year
Types of Skill Gains (among those with a measurable skill gain)³					
Educational functional gains	40.7	42.7	44.3	44.9	--
Secondary school gains	16.3	22.7	31.3	25.4	--
Postsecondary school gains	7.9	7.4	8.2	5.6	--
Other training or skill milestones	50.7	47.6	35.2	43.2	--

¹ Measured for a one or four-quarter exit cohort ending with those who exited four quarters prior to the end of the performance quarter.

² Measured for a one or four-quarter exit cohort ending with those who exited six quarters prior to the end of the performance quarter.

³ Measured for those who participated during this program year.

⁴ Measured for a one or four-quarter exit cohort ending with those who exited one quarter prior to the end of the performance quarter.

⁵ Measured for a one or four-quarter exit cohort ending with those who exited three quarters prior to the end of the performance quarter.

⁶ Measured for a one or four-quarter exit cohort ending with those who exited five quarters prior to the end of the performance quarter.

Part V: Wagner-Peyser Program

Educational services	2.8	4.1	--	--	--
Health care and social assistance	11.5	12.5	--	--	--
Arts, entertainment, and recreation	1.4	0.9	--	--	--
Accommodation and food services	10.5	10.0	--	--	--
Other services, inc public administration	2.2	2.2	--	--	--
Other industry	24.5	23.8	--	--	--

¹ Measured for a one or four-quarter exit cohort ending with those who exited four quarters prior to the end of the performance quarter.

² Measured for a one or four-quarter exit cohort ending with those who exited six quarters prior to the end of the performance quarter.

³ Measured for a one or four-quarter exit cohort ending with those who exited three quarters prior to the end of the performance quarter.

⁴ Measured for a one or four-quarter exit cohort ending with those who exited five quarters prior to the end of the performance quarter.

Appendix A: Notes to Tables

This appendix describes definitional issues and the computation of rows or column entries that may not be straightforward. It should be used in conjunction with Appendix B, which describes the PIRL elements from which table row entries are drawn.

Part I: Summary Comparisons Across Programs

Table I-1	<p>This table shows recent trends in the number of new participants by program of participation. New participants are those who began participation during the period indicated.</p> <p>Subcategories do not sum to totals because individuals may be included in more than one subcategory. For example, a person may be coenrolled in both a local program and a statewide program.</p>
Table I-2	<p>This table shows recent trends in the number of total participants by program of participation. Total participants are those who participated at any time during the period indicated.</p> <p>Subcategories do not sum to totals because individuals may be included in more than one subcategory. For example, a person may be coenrolled in both a local program and a statewide program.</p>
Table I-3	<p>This table shows recent trends in the number of exiters by program of participation.</p> <p>Because there is one-quarter lag before a person's exit date is known, the exit cohorts identified in the column headings end one quarter earlier than the cohorts used for participants in the previous tables.</p> <p>Subcategories do not sum to totals because individuals may be included in more than one subcategory. For example, a person may be coenrolled in both a local program and a statewide program.</p>

Part II: Adult Program

These tables present information for those in the Adult Program, including both local and statewide programs (identified from PIRL 903) and show the characteristics of participants, the services of exiters, and the outcomes of exiters or participants, as applicable.

Table II-1 to Table II-2	<p>These tables show recent trends over time in the characteristics of participants.</p> <p>Table II-1 shows percentages. Most numbers shown are the percentages within the column heading. Exceptions are the number of participants shown in the first three rows, which are counts. In calculating percentages, individuals with missing data on the row heading are excluded.</p> <p>Table II-2 shows counts of participants with particular characteristics. These counts exclude missing data and cannot be used to compute the percentages in Table II-1.</p>
Table II-3	<p>This table shows recent trends in the number of participants by state.</p>
Table II-4	<p>This table shows recent trends in the services received by exiters rather than new or total participants because we cannot get a full picture of the services received by participants until they exit.</p>

	<p>This table generally shows the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated and weeks of training, for which both the average and percentages within categories are shown.</p> <p>In calculating percentages, individuals with missing data on the row heading are excluded.</p> <p>Tabulations for the Characteristics of Training are calculated just for those who received training. Under Type of Training, note that a trainee could have received training of more than one type. There is no clear distinction between skill upgrading and other occupational skills training. Occupation of Training is coded based on the first two digits of the O*NET classification.</p>
Table II-5	<p>This table shows recent trends in the outcomes of exiters.</p> <p>For reasons explained in <i>Guide to the Reader</i>, outcomes are often not available in the PIRL for the exit cohorts in some columns. Unless complete data on an outcome for the column cohort are available, the cells in the table are missing.</p> <p>When the outcome data do become available, the tables will calculate each outcome for the most recent one or four quarters of exiters for whom the outcome data is available. Because the outcomes for exiters capture an exiter's status at different periods after the exit date and due to the time lags in the measurement of employment and earnings (see <i>Guide to the Reader</i>), different rows are measured for different cohorts of exiters; that is, the most recent quarter or year cohort is different for each outcome measure. The footnotes clarify what the most recent cohort is for each measure.</p> <p>All outcomes are calculated within the group defined by the column. Most numbers shown are the percentages within the column. Exceptions are the median and average earnings. In calculating percentages, individuals with missing data on the row heading are excluded. In calculating averages and medians, Individuals with missing or zero earnings are excluded.</p> <p>The WIOA primary indicators of performance and WIA common measures were calculated using the official definitions of these outcomes, as described in TEGL 10-16 Change 1, especially Appendix 10 (for WIOA), and TEGL 17-05 (for WIA). For example, in calculating WIOA performance, exiters are excluded if they exited by virtue of being incarcerated or hospitalized, had received medical treatment expected to last longer than 90 days that precluded them from continuing services or entering employment, were deceased, or were reservists called to active duty for at least 90 days. See the TEGs for additional information about the calculation of the WIOA and WIA measures.</p> <p>Types of Credentials Attained is calculated among those with a credential attainment (as defined by TEGL 10-16 Change 1).</p> <p>Types of Skill Gains is calculated among those with a skill gain (as defined by TEGL 10-16 Change 1). A participant could attain a skill gain of more than one type.</p>

Part III: Dislocated Worker Program

These tables present information for those in the Dislocated Worker program. Some tables present all dislocated workers, including those served by local and statewide programs (identified from PIRL 904) and DWG projects (identified from PIRL 932). Other tables focus either on local and statewide programs or on DWG projects. Individuals served only by rapid response are excluded, except those classified as receiving rapid response additional assistance (identified from PIRL 909). Tables show the characteristics of participants, the services of exiters, and the outcomes of exiters or participants, as applicable.

Table III-1 to Table III-6	<p>These tables show recent trends over time in the characteristics of participants.</p> <p>Tables III-1 to III-3 show trends for all dislocated workers, local and statewide dislocated worker programs, and Dislocated Worker Grants, respectively. Most numbers shown are the percentages within the column heading. Exceptions are the number of participants shown in the first six rows, which are counts. In calculating percentages, individuals with missing data on the row heading are excluded.</p> <p>Tables III-4 to III-6 show counts of participants with particular characteristics for all dislocated workers, local and statewide dislocated worker programs, and Dislocated Worker Grants, respectively. These counts exclude missing data and cannot be used to compute the percentages in Tables II-1 to III-3.</p>
Table III-7	<p>This table shows recent trends in the number of participants by state. Both local, statewide, and DWG programs are included.</p>
Tables III-8	<p>This table shows recent trends in the services received by all dislocated worker exiters. It shows exiters rather than new or total participants because we cannot get a full picture of the services received by participants until they exit.</p> <p>Table II-8 generally shows the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated and weeks of training, for which both the average and percentages within categories are shown.</p> <p>In calculating coenrollment percentages, individuals with unknown (code 9) are included as not coenrolled. In calculating other percentages, individuals with missing data on the row heading are excluded.</p> <p>Tabulations for the Characteristics of Training are calculated just for those who received training. Under Type of Training, note that a trainee could have received training of more than one type. There is no clear distinction between skill upgrading and other occupational skills training. Occupation of Training is coded based on the first two digits of the O*NET classification.</p>
Table III-9	<p>This table shows recent trends in the outcomes of all dislocated worker exiters.</p> <p>For reasons explained in <i>Guide to the Reader</i>, outcomes are often not available in the PIRL for the exit cohorts in some columns. Unless complete data on an outcome for the column cohort are available, the cells in the table are missing.</p> <p>When the outcome data do become available, the tables will calculate each outcome for the most recent one or four quarters of exiters for whom the outcome data is available. Because the outcome for exiters capture an exiter's status at different periods after the exit date and due to the time lags in the measurement of employment and earnings (see <i>Guide to the Reader</i>), different rows are measured for different cohorts of exiters; that is, the most recent quarter or year cohort is different for each outcome measure. The footnotes clarify what the most recent cohort is for each measure.</p> <p>All outcomes are calculated within the group defined by the column. Most numbers shown are the percentages within the column. Exceptions are the median and average earnings. In calculating percentages, individuals with missing data on the row heading are excluded. In calculating averages and medians, Individuals with missing or zero earnings are excluded.</p> <p>The WIOA primary indicators of performance and WIA common measures were calculated using the official definitions of these outcomes, as described in TEGL 10-16 Change 1, especially Appendix 10 (for WIOA), and TEGL 17-05 (for WIA). For example, in calculating WIOA performance, exiters are excluded if they exited by virtue of being incarcerated or hospitalized, had received medical treatment expected to last longer than 90 days that precluded them from continuing services or entering employment, were deceased, or were reservists called to active</p>

	<p>duty for at least 90 days. See the TEGs for additional information about the calculation of the WIOA and WIA measures.</p> <p>Types of Credentials Attained is calculated among those with a credential attainment (as defined by TEG 10-16 Change 1).</p> <p>Types of Skill Gains is calculated among those with a skill gain (as defined by TEG 10-16 Change 1). A participant could attain a skill gain of more than one type.</p>
--	--

Part IV: Youth Exiters

These tables present information for those in the Youth program, including both local and statewide programs (identified from PIRL 905) and show the characteristics of participants, the services of exiters, and the outcomes of exiters or participants, as applicable.

Table IV-1 to Table IV-2	<p>These tables show recent trends over time in the characteristics of participants.</p> <p>Table IV-1 shows percentages. Most numbers shown are the percentages within the column heading. Exceptions include the number of participants shown in the first three rows, which are counts. In calculating percentages, individuals with missing data on the row heading are excluded.</p> <p>Table IV-2 shows counts of participants with particular characteristics. These counts exclude missing data and cannot be used to compute the percentages in Table IV-1.</p>
Table IV-3	<p>This table shows recent trends in the number of participants by state.</p>
Table IV-4	<p>This table shows recent trends in the services received by exiters rather than new or total participants because we cannot get a full picture of the services received by participants until they exit.</p> <p>This table generally shows the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated, for which both the average and percentages within categories are shown.</p> <p>In calculating coenrollment percentages, individuals with unknown (code 9) are included as not coenrolled. In calculating other percentages, individuals with missing data on the row heading are excluded.</p> <p>Tabulations for the Types of Work Experience are calculated just for those who participated in work experience. Tabulations for the Characteristics of Training are calculated just for those who received training. Occupation of Training is coded based on the first two digits of the O*NET classification.</p>
Table IV-5	<p>This table shows recent trends in the outcomes of exiters.</p> <p>For reasons explained in Guide to the Reader, outcomes are often not available in the PIRL for the exit cohorts in some columns. Unless complete data on an outcome for the column cohort, the cells in the table are blank.</p> <p>When the outcome data do become available, the tables will calculate each outcome for the most recent one or four quarters of exiters for whom the outcome data is available. Because the outcome for exiters capture an exiter's status at different periods after the exit date and due to the time lags in the measurement of employment and earnings (see Guide to the Reader), different rows are measured for different cohorts of exiters; that is, the most recent quarter or year cohort is different for each outcome measure. The footnotes clarify what the most recent cohort is for each measure.</p> <p>All outcomes are calculated within the group defined by the column. Most numbers shown are the percentages within the column. Exceptions are the median earnings. In calculating</p>

	<p>percentages, individuals with missing data on the row heading are excluded. In calculating averages and medians, Individuals with missing or zero earnings are excluded.</p> <p>The WIOA primary indicators of performance were calculated using the official definitions of these outcomes, as described in TEGL 10-16 Change 1, especially Appendix 10 (for WIOA). For example, in calculating WIOA performance, exiters are excluded if they exited by virtue of being incarcerated or hospitalized, had received medical treatment expected to last longer than 90 days that precluded them from continuing services or entering employment, were deceased, or were reservists called to active duty for at least 90 days. See the TEGLs for additional information about the calculation of the WIOA measures.</p> <p>Types of Credentials Attained is calculated among those with a credential attainment (as defined by TEGL 10-16 Change 1).</p> <p>Types of Skill Gains is calculated among those with a skill gain (as defined by TEGL 10-16 Change 1). A participant could attain a skill gain of more than one type.</p>
--	---

Part V: Wagner-Peyser

These tables present information for those in the Wagner-Peyser program (identified from PIRL 918) and show the characteristics of participants, the services of exiters, and the outcomes of exiters.

Table V-1 to Table V-2	<p>These tables show recent trends over time in the characteristics of participants.</p> <p>Table V-1 shows percentages. Most numbers shown are the percentages within the column heading. Exceptions include the number of participants shown in the first row, which are counts. In calculating percentages, individuals with missing data on the row heading are excluded.</p> <p>Table V-2 shows counts of participants with particular characteristics. These counts exclude missing data and cannot be used to compute the percentages in Table V-1.</p>
Table V-3	This table shows recent trends in the number of participants by state.
Table V-4	<p>This table shows recent trends in the services received by exiters rather than new or total participants because we cannot get a full picture of the services received by participants until they exit.</p> <p>This table generally shows the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated, for which both the average and percentages within categories are shown.</p> <p>In calculating coenrollment percentages, individuals with unknown (code 9) are included as not coenrolled. In calculating other percentages, individuals with missing data on the row heading are excluded.</p> <p>Received any training is currently reported only for those coenrolled in WIOA programs but is based on all exiters.</p>
Table V-5	<p>This table shows recent trends in the outcomes of exiters.</p> <p>For reasons explained in Guide to the Reader, outcomes are often not available in the PIRL for the exit cohorts in some columns. Unless complete data on an outcome for the column cohort, the cells in the table are missing.</p> <p>When the outcome data do become available, the tables will calculate each outcome for the most recent one or four quarters of exiters for whom the outcome data is available. Because the outcome for exiters capture an exiter's status at different periods after the exit date and due to the time lags in the measurement of employment and earnings (see Guide to the</p>

Reader), different rows are measured for different cohorts of exiters; that is, the most recent quarter or year cohort is different for each outcome measure. The footnotes clarify what the most recent four-quarter cohort is for each measure.

All outcomes are calculated within the group defined by the column. Most numbers shown are the percentages within the column. Exceptions are the median and average earnings. In calculating percentages, individuals with missing data on the row heading are excluded. In calculating averages and medians, Individuals with missing or zero earnings are excluded.

The WIOA primary indicators of performance and WIA common measures were calculated using the official definitions of these outcomes, as described in TEGL 10-16 Change 1, especially Appendix 10 (for WIOA), and TEGL 17-05 (for WIA). For example, in calculating WIOA performance, exiters are excluded if they exited by virtue of being incarcerated or hospitalized, had received medical treatment expected to last longer than 90 days that precluded them from continuing services or entering employment, were deceased, or were reservists called to active duty for at least 90 days. See the TEGs for additional information about the calculation of the WIOA and WIA measures.

Appendix B: Cross-reference to PIRL Elements

This appendix denotes the PIRL element from which row categories for the table shells are drawn. Note that not all row categories are applicable for participants of each of the programs. For the definition of each PIRL element, their codes, and the programs to which each PIRL element applies, see the DOL-only specifications of the PIRL, available at: <https://www.doleta.gov/performance/reporting/> (the specifications for the PIRL on which this Quarterly Report is based were downloaded on February 13, 2018).

Row Item	PIRL Element
Characteristics of Exitters	
Age	200 and 900 (see notes to Tables II-1 & II-3 to II-12 in Appendix A)
Gender	201
Hispanic Ethnicity	210 (see notes to Tables II-1 & II-3 to II-12 in Appendix A)
Race	211-215 (see notes to Tables II-1 & II-3 to II-12 in Appendix A)
Employment Status	400
Veteran Status	
Veterans	300
Disabled veteran	303
Homeless veteran	308 (Wagner-Peyser only)
With other significant barrier	311 (Wagner-Peyser only)
Other eligible person	301 (code=3)
Unemployment Compensation Status	401
Highest Educational Level	408 (see notes to Tables II-1 & Tables II-3 to II-12 in Appendix A)
School Attendance	409
School Status at Program Entry	409 (Youth only)
Public Assistance Recipients	
Any public assistance	600, 602, 603, 604 for Adults 600, 603 for Dislocated Workers 600, 602, 603, 604 for Youth
TANF	600
SSI or SSD	602 (not applicable for Dislocated Workers); includes Ticket Holders
SNAP	603
Other public assistance	604 (not applicable for Dislocated Workers)
Other Characteristics	
Any Adult Program priority group	300, 600, 802, 803, and 804 (see notes to Tables II-7 in Appendix A)
Individual with a disability	202
Long-term unemployed	402 (not applicable for Youth)
Exhausting TANF within 2 years	601 (not applicable for Youth)
Homeless individual or runaway youth	800
Ex-offenders	801
Low income	802
English language learners	803
Basic skills deficient	804
Facing substantial cultural barrier	805
Single parents	806
Displaced homemakers	807

Row Item	PIRL Element
Pregnant or parenting youth	701 (Youth only)
Youth who need additional assistance	702 (Youth only)
Foster care youth	704 (Youth only)
Services	
Any coenrollment	Any of the codes below applicable for each program
WIOA Adult	903
WIOA Dislocated Worker	904
WIOA Youth	905
Wagner-Peyser	918
Vocational Rehabilitation	917
Adult Education	910
WIOA National Farmworker Jobs	912 (not shown separately for Youth)
WIOA Indian and Native American	913 (not shown separately for Youth)
Veterans programs	914
Vocational Education	916
YouthBuild	919 (not applicable for Dislocated Workers)
Senior Community Services	920 (not applicable for Youth)
SNAP Employment and Training	921 (not applicable for Dislocated Workers; not shown separately for Youth)
Job Corps	911 (Youth only)
Other partner programs	912, 913, 921 (Youth only)
Basic Career Services	(not applicable for Youth)
Self-service or informational service	1000 or 1002
Any staff-assisted basic career service	1001 or 1103
Workforce information services	1103
Career guidance	1102
Staff-assisted job search	1104
Referred to employment	1105, 1108, 1109, 1110, 1111
Referred to Federal training	1106 or 1107
Received assistance with UI	1112
Other basic services	1114, 1115 , or 1116
Individualized Career Services	(not applicable for Youth)
Any individualized career service	1200
IEP created	1202
Internships or work experience	See notes to Tables II-13 to II-21 in Appendix A
Financial literacy services	1206
English as a second language services	1207
